Lot To Be Thankful For Thursday

Americans Plan Feasting, Prayer On Thanksgiving

By The Associated Press
It makes no difference where Americans are—whether at home, in hospitals or stationed around the world with the armed forces—they'll have a lot to be thankful for Thursday.

Along with the feasting, Thanksgiving Day will be a day of prayer.

President Kennedy gave this Thanksgiving thought at his news conference Tuesday night: "There is much for which we can be grateful as we look back to where we stood only four weeks ago—the unity of this hemisphere, the support of our allies and the calm determination of the American people."

There are other things the President did not mention:

For one thing, the United States still is at peace. Perhaps it has been a bit shaky in the past sev-

eral weeks, what with the Cuban crisis and all. But at least there's no immediate danger of any American having to eat his turkey in a bomb shelter.

For another thing, the nation still is a land of plenty.

Americans can still pray in the religion of our choice—the idea behind the Pilgrims' migration to this country.

In Plymouth, Mass., where the Pilgrims settled on Dec. 21, 1620, the city will carry on its traditional observance of Thanksgiving—first celebrated by the Pilgrims in 1621.

Each child will be given a Pilgrim hat at Plymouth's Pilgrim Hall, where refreshments will be served during an open house. A re-creation of the Pilgrim ship, Mayflower II, will be on display. Along the harbor front, where

Plymouth Rock provided the stepping stone to the New World, a drum roll will signal the start of the annual Pilgrim's Progress march to a church where a religious service will be held.

In another part of Massachusetts, at Hyannis Port, President and Mrs. Kennedy and their two children plan to spend the four-day Thanksgiving weekend at the family home with the rest of the Kennedy clan.

Away from home, American servicemen will feast on 112,000 turkeys and all the trimmings from shrimp cocktail to after-dinner mints, the Defense Department said.

Although the military is being kept on alert on the holiday, some servicemen will be able to enjoy Thanksgiving meals with their families.

City Records Seen Proper In State Audit

No Findings Listed By Examiners For 26-Month Period

An audit of city books covering the period from May 1, 1959 to June 30, 1961, by the Bureau of Inspection and Supervision of Public Offices of the state auditor's office has given the city a clean bill of health.

The voluminous report covers all phases of city operations for the 26 months and lists no findings. The examination was conducted by Robert L. Lippincott, Ray A. Wining and James L. Peley.

However, some procedural errors were listed by the examiners for adjustment.

A total of \$2,045.12 should be transferred from the treasurer's highway patrol transfer fund with the city's general fund getting \$1,600.81 and \$444.31 going to the Law Library Association.

The examiner pointed out that an Ohio Supreme Court ruling established a general rule that half of all money received by a municipality from Highway Patrol cases involving traffic laws must be paid to the county law library association.

It also noted a total of \$774 should be transferred from the general fund to the street construction, maintenance and repair fund because of an improper expenditure to pay part of the salary of the mayor's clerk. The services performed by the clerk had no relation to the operation and maintenance of city streets, the examiner said.

During the examination, city officials were notified of the mistake in procedure and City Council passed legislation correcting it.

The examiners noted Municipal Court had overpaid the state treasury \$10.80 and had overpaid the county treasurer \$464.40 and suggested deductions be made in future settlements.

The examiner also noted that

Rail Merger Action Taken

Wellsville Council Request Resolution

Following up on a special session held last week to air the proposed merger of the New York Central and Pennsylvania Railroads, Wellsville City Council Tuesday night ordered a resolution for the next meeting to intervene when the Interstate Commerce Commission holds hearings.

Council members expressed concern over the fact that Wellsville residents may lose their jobs if the merger is approved.

Council held a special session last week at Daw Junior High School to hear representatives of the Pennsy and the Brotherhood of Railroad Trainmen.

The union claims 74 jobs would be lost in Wellsville. The firm says there are 104 jobs in the area from Yellow Creek to Midland that would not be changed. The union contends men from other districts with more seniority will take over the local work.

By adopting the resolution, Council will have the right to present a prepared case before the ICC at an area field hearing into the issue.

Slot Machine Warrants Are For 'Search'

Two Chester councilmen today continued to hold search warrants for the Chester American Legion post and VFW post for alleged exhibit of slot machines.

The warrants are search and seizure warrants, not citations, according to city officials, who clarified the legal aspect of the situation today.

Councilman Donald Chaney and Wayne Hutton obtained the warrants after visiting the veterans clubs Sunday night, but when police went to the Carolina posts later, the clubs were closed, Chaney said.

The warrants, which are apparently valid for a year, will be kept for possible service later, the two councilmen said.

Soviet Drops Combat State Of Readiness

MOSCOW (AP)—The Soviet government today canceled the state of combat readiness it proclaimed for its armed forces because of the Cuban crisis.

Moscow radio said the Soviet Council of Ministers had ordered Defense Minister Rodion Malinovsky to return his forces to normal status because the United States had lifted its arms blockade of Cuba.

The order canceled one issued Oct. 23, at the height of the Cuban crisis. At that time the Defense Ministry canceled all military leaves and halted discharges of servicemen of senior age groups in the strategic rocket forces, anti-aircraft defense units and the submarine fleet.

Pittsburgh Man Leaps To Death From Bridge

PITTSBURGH — A 60-year-old Mt. Washington man, despondent because of being unemployed for 18 months, leaped 250 feet to his death from the Fort Pitt Bridge into the Monongahela River Tuesday afternoon as thousands looked on.

Joseph R. Slaven, who scorned the pleas of a television photographer, was quickly taken from the water and rushed to the Mercy Hospital where he died of shock following fractures of the neck and back, and internal injuries.

Traffic Board's Action

Free Night-Time Parking Proposed In Yule Season

The Municipal Traffic Commission agreed Tuesday night to recommend free night-time parking for shoppers in downtown East Liverpool throughout the Christmas season.

Meeting in Mayor Bert H. Goodballet's office, the commission proposed that the city adopt the suggestion as a goodwill gesture toward the general public, not requiring meter fees or issuing tickets for violations on any night until Christmas.

As the commission has no power to legislate, its suggestion cannot be implemented without legislation from Council or possibly by Safety - Service Director Robert Owen invoking an ordinance that allows him to make changes in traffic and parking regulations for periods up to 90 days.

Traffic Slated Next Week On New Highway

2 Lanes Of Road At Port Homer Ready As Project 'Moves'

With construction work moving swiftly ahead, first traffic is scheduled to use two lanes of a 2½-mile section of "super-highway" on Route 7 near Port Homer early next week.

S. J. Groves & Sons Co., Inc., of Minneapolis and Ann Arbor, Mich., has completed 79 per cent of the project and is 30 per cent ahead of schedule, the Division 11 office of the State Highway Department in New Philadelphia reported today.

When the \$2,623,975 improvement is completed, it will be linked to the present four-lane highway stretching from Wellsville to Yellow Creek.

The Division 11 office said crews began work today painting center line markers on two lanes that will be opened to the first traffic early next week.

The two traffic lanes to be opened have been completely paved with asphaltic concrete. Two other lanes will be paved this spring, although a base for the hard surface to be applied will be laid this winter.

When opened, motorists will use a north-bound lane from near the Ohio Edison Co. plant to a point opposite the Pennsylvania Railroad crossing. From there, traffic will cross to a south-bound lane for the balance of the project. The medial strip has been left out in order that the crossover from one lane to another will not hamper vehicles, the Division 11 office said.

The contractor has completed 55 per cent of the asphaltic concrete part of the work on the four-lane, limited access highway. Excavation is 82 per cent complete, and work is nearly finished on construction of a huge steel bridge and concrete culvert.

Completion date of the improvement project is Oct. 31, 1963. Work started last spring and traffic has been maintained on a limited basis while construction continued.

Meanwhile, the Division 11 office reported work is finished on an improvement to State Route 213 in Hammondsville near the new Stanton Local High School, and plans continue for construction.

U.N. Hails U.S., Soviet Concessions

Diplomats Predict Long Negotiations Before Final Okay

UNITED NATIONS, N.Y. (AP)—Delegates hailed today concessions by the United States and the Soviet Union on two main friction points over Cuba as a big step out of the crisis.

Diplomats predicted that long negotiations lay ahead before a final settlement is reached. But most felt the talks could proceed more smoothly since Premier Khrushchev has promised to pull some 30 jet bombers out of Cuba and President Kennedy countered by ordering the naval arms blockade lifted.

Many U.N. members who supported the U.S. position on Cuba have been apprehensive that the blockade might touch off an incident that could lead to a shooting war.

Many knotty problems still face U.S. and Soviet negotiating teams who have spent three weeks trying to resolve the crisis.

Kennedy stressed in his news conference Tuesday night that there still is no on-site U.N. inspection to make sure the Soviet Union is living up to its side of the bargain.

Fidel Castro has agreed to let the bombers be removed from his country, but he stressed again his opposition to inspection on Cuban soil and threatened again to shoot down U.S. planes flying over Cuba on reconnaissance missions.

The President's announcement on the latest U.S.-Soviet agreements came a few hours after U.S. and Soviet negotiating teams got together at a working luncheon given by acting Secretary-General U. Thant.

The U.S. side was represented by Ambassador Adlai E. Stevenson, John J. McCloy, head of Kennedy's committee for coordinating negotiations, and Ambassador Charles W. Yost.

The Russians were represented by Deputy Foreign Ministers Vasily V. Kuznetsov and Valerian Zorin and Ambassador Platon D. Morozov.

Owen Names New Officer

Last Vacancy Filled By Howard Frontz

Howard E. Frontz, 24, of 794 Chester Ave. was appointed to the police department today by Safety - Service Director Robert Owen, filling the last of three patrolmen's vacancies.

Frontz will begin duty Dec. 1. Chief Americo J. Radeschi said his first assignment will be as a plainclothes officer for holiday season work, particularly to help guard against shoplifting in stores.

Frontz advanced to the top of the Civil Service Commission's eligibility list after the appointment of two other new officers last week, Owen explained. Previously, the director named David K. Mumaw and Karl W. Samples as patrolmen.

Fourth man on the list was John A. Walsh of W. 2nd St. Frontz will take the post left vacant when Patrolman Lloyd Garvey resigned in late October to become a Columbiana County deputy sheriff.

Frontz is married and the father of two children. He is employed at present by Riverview Florists in landscaping and other duties and also works part-time at a Dresden Ave. service station. A 1957 graduate of East Liverpool High School, he is a son of Mrs. Rose Frontz, 1210 Riverview St.

Special U.S. Team To Sift India's Needs

Harriman To Head Survey Group On Special Mission

WASHINGTON (AP)—President Kennedy is sending a high-powered special mission to New Delhi today to survey India's military needs in the conflict with Red China and recommended a U.S. assistance program.

In spite of a sudden Chinese cease-fire move, U.S. officials expect Prime Minister Nehru to request massive U.S. aid to modernize his armed forces and raise permanently the level of his military strength.

The surprise maneuver by the Chinese Reds, however, threw an element of uncertainty into the situation. As Kennedy told a news conference Tuesday night, Washington is waiting for Nehru's own assessment of the move as a guide to further U.S. action.

He said there is no present indication that U.S. troops will be sent to India.

Kennedy said he was sending a team headed by Assistant Secretary of State W. Averell Harriman to New Delhi "in order to better assess Indian needs."

Other members of the survey team include: Assistant Secretary of Defense Paul H. Nitze, who heads international security affairs in the Defense Department; Gen. Paul D. Adams, chief of the U.S. Strike Command, which specializes in moving fully equipped troops by air over long distances; Carl Kaysen, deputy assistant to Kennedy; Roger Hillsman, State Department intelligence chief, and James P. Grant, deputy assistant secretary of state for South Asia and the Middle East.

Weirton Driver Killed When Auto Rams Bus

WEIRTON — Joseph Starvaggi, 23, of Hanlin Station, R. D. 1 was killed instantly early today when his car went left of center and crashed head-on into a Pittsburgh & Weirton bus.

Fred J. Thompson, 33, driver of the bus, is in "good" condition today in Weirton General Hospital with leg injuries. He was alone in the bus, returning to a garage after his final run. The accident happened on Pennsylvania Ave. at 12:37 a. m.

Nehru Rejects Cease-Fire

Reds Crack India Lines At 2 Spots

NEW DELHI, India (AP)—Chinese Communist troops have broken through Indian defenses south of Bomdila and are plunging toward the plains of Assam, a Defense Ministry spokesman said today.

In a parallel strike, the Red Chinese were reported to have advanced about 65 miles in the Luhit River Valley at the eastern end of the Himalayan front.

The announcement of these actions came only a few hours before the Wednesday midnight deadline—11 a.m. EST—at which Red China said it had ordered its victory-flushed Himalayan divisions to silence their guns.

Indian Prime Minister Nehru had in effect rejected Peking's terms.

The Defense spokesman refused to say what would be the Indian army reaction to the Red Chinese declaration of a cease-fire.

He left the impression at his daily briefing that the Indians would continue shooting at invaders.

Nehru told Parliament earlier that the Chinese declaration for the cease-fire and a withdrawal had not been officially received here.

The prime minister said it would be examined when it comes.

Nehru told Parliament today India would stand by its insistence on the restoration of military

positions held before last Sept. 8 as the condition for settlement.

He said his government would consider the Chinese statement—broadcast earlier today by Peking radio—when it is officially received. But the Chinese statement clearly blocked the idea of restoring Indian troops to posts they held in Ladakh before Sept. 8.

In their statement, the Chinese said they planned to put a cease-fire into effect unilaterally tonight and to begin troop withdrawals Dec. 1 to establish a 25-mile demilitarized zone between the two forces. They called on the Indians to take similar measures and warned they would fight back if the Indians continued shooting.

Under repeated questioning in the lower house, Nehru declared that India's demand for the line held before Sept. 8 "is a good position, a strong position, and we do not propose to consider any negotiations until that position is restored. We don't shift our stand every 24 hours."

The withdrawals, Peking said, would carry Chinese troops in the Ladakh area in the northwest and the Towang sector of the northeast frontier 12½ miles behind the line of actual control on Nov. 7, 1959. On the eastern sector of the northeast frontier, the Chinese said they would withdraw to the disputed McMahon Line and then pull back an additional 12½ miles.

Union Days Planned

District's Thanksgiving Services Start Tonight

Devout Christians in the East Liverpool district will gather in churches of their choice Thursday—Thanksgiving Day—to express thanks to God for His manifold blessings during the year.

Featured will be special sermons, music and prayers of thanks for the bounty of the harvest.

Several churches will hold pre-Thanksgiving union services this evening, while other congregations will gather for individual services.

Union Thanksgiving services of downtown congregations, under the auspices of the East Liverpool Ministerial Association, will be held at Calvary Methodist Church, tomorrow at 10 a. m. The Rev. Irwin E. Jennings is host pastor.

The sermon will be given by the Rev. D. R. Salisbury Jr., rector of St. Stephen's Episcopal Church.

The offering will be used for the chaplaincy program at City Hospital.

The Second Baptist Church will be the scene of the union Thanksgiving service for the East End tonight at 7:30 and the Rev. E. D. Arrington, host pastor, will give the sermon. Music will be provided by the host church.

Ministers of the area churches will take part. The offering will be for the chaplaincy program.

The First Christian Church of Wellsville will be host for the annual union service tomorrow at 10 a. m. under the sponsorship

U.S. Planes To Continue Surveillance

Will Guard Against Any New Buildup By Castro Regime

WASHINGTON (AP)—President Kennedy, saying there is reason for gratitude in this Thanksgiving week, has called off the U.S. blockade of Cuba in return for promised removal of Soviet bombers from the island.

Serious problems remain, Kennedy emphasized Tuesday night at his first news conference since the Cuban crisis spread jitters around the world.

Until arrangements are made to verify the withdrawal of Soviet missiles and planes, preferably by inspection on the spot, he said the United States will do its own checking on military activity in Cuba.

He clearly meant that among other measures this country would continue to send out reconnaissance planes to guard against another buildup in Cuba, despite Prime Minister Fidel Castro's threat to shoot them down.

Yet, with the manner of a man reporting the worst is over, Kennedy said real progress has been made—and a complete settlement could open the door to solution of other east-west issues.

Philosophically, he added: "In this week of Thanksgiving, there is much for which we can be grateful as we look back to where we stood only four weeks ago—the unity of this hemisphere, the support of our allies and the calm determination of the American people. These qualities may be tested many more times in this decade, but we have increased reason to be confident that those qualities will continue to serve the cause of freedom with distinction in the years to come."

The news conference, his first in nearly 10 weeks, was carried by national radio and television networks.

A few hours after Kennedy's announcement that the arms blockade would end, Moscow radio said the Soviet government had canceled the state of combat readiness it ordered for its armed forces Oct. 23 because of the Cuban crisis. The order also said Soviet submarines should return to their normal stations.

Kennedy opened the session with the dramatic announcement that Soviet Premier Khrushchev had just promised in a personal message to pull out all IL28 jet bombers within 30 days.

Khrushchev reportedly had placed 30-odd IL28s in Cuba. He also agreed to permit the planes to be observed and counted as they go. Authorities indicated the Russians would need 30 days in which to dismantle the planes, crate them and get ships to Cuba to haul them home.

"Inasmuch as this goes a long way towards reducing the danger which faced this hemisphere four weeks ago," Kennedy said, "I have this afternoon instructed the secretary of defense to lift our naval quarantine."

Authorized By Council

Wellsville To Ask Bids To Sell Land

Wellsville Council Tuesday night ordered legislation authorizing the Board of Control to seek bids for a parcel of ground along the Ohio River near the sewage disposal plant.

The ground presently is leased to the Georgetown River Rail Terminal. Angelo Georgetown, owner, has requested the property be sold him for an expansion project.

Georgetown presented a letter to Council formally asking to buy the land. Previous requests were verbal.

COUNCIL pointed out the land will have to be sold by bid. Georgetown, in his letter, said he plans more warehouse space, a stationery crane, repair shops and possible office space. He said plans call for employing six more persons. The firm now employs 16. The expansion covers both the river terminals organization and the Liverpool Express, Inc.

Councilman Robert Taggart opposed calling for legislation, explaining he first wants to see the plans for the expansion. Councilman William Stroble opposed the move, adding he desires to stipulate that no bid below \$15,000 be considered.

Georgetown pays \$150 a month rental or \$18,000 over a 10-year period, Stroble pointed out.

IT WAS remarked, however, Advertisement

A Million Dollars to Relieve Itch of Piles

It is estimated that over a million dollars a year is spent on varied remedies to relieve itch of piles. Yet druggists tell you that cooling, astringent, Peterson's Ointment soothes pile torture in minutes. 60c box or 85c tube applicator. Peterson's Ointment gives fast, joyful relief from itching. Be delighted or money back.

that if he employs more persons and builds more warehouses, the city will benefit over a period of time. It was also pointed out others can bid on the property.

Favoring the move were Councilmen Kay Drago, Allen Baldwin, Frank DeLorenzo, and Donald Miller. Councilman Dwight MacLean was absent. He is a patient at City Hospital.

Council adopted a resolution accepting the tax rates set by the Columbiana County Budget Commission and certifying them to the county auditor for collection.

The rates for the city total 3.2 mills inside the 10-mill limitation, which will provide \$32,067, and 3.1 mills outside the 10-mill limitation for \$31,065.

Legislation was passed on third and final reading establishing Buckeye Ave. as a stop street at the intersection with 10th St. DeLorenzo opposed.

MILLER said that one morning last week he watched the intersection at 15th St. and Buckeye. He said there were 21 cars in 15 minutes and 19 of them failed to observe the stop sign. He said this is why DeLorenzo opposed the legislation. "If you are going to put something in, we better enforce it," he commented.

Miller made sure his remarks were heard by Mayor William Daugherty. He pointed out that the mayor is over the service director, who in turn is in charge of the police department.

Taggart, water and sewage chairman, reported the city's water bonds will be retired Dec. 1, 1963.

Baldwin asked when the water committee is going to meet to discuss what is to be done about work on the standpipes.

COUNCIL authorized the Board

of Control to seek bids for the work in August but nothing has been done.

A long discussion followed in which it was pointed out that the same difficulty is present about obtaining a right-of-way to the standpipes.

Stroble also questioned the mayor as to why nothing has been done about construction of a city garage on city-owned property on 1st St.

A discussion was held on this and it was pointed out the work is to be done with funds from a bond issue. No action has ever been taken by Council on approving a bond issue.

The property committee was asked to investigate a request from the Stevenson Co. that city property at 1st and Fulton Sts. be cleared of old cars and refuse.

STROBLE ASKED if Council "can take matters into its own hands" if directives are not carried out. Solicitor William Bush said if administrative action is required, Council can do nothing.

He said there are limited circumstances perhaps where Council can act. Stroble asked him to check this further.

Miller, finance chairman, reported the parking meter collections are about the same as last year. He said the meters will be paid for in another five or six months.

Miller pointed out farmers of Ohio are seeking a state income tax and asked Council to give it some thought. He said that if such a measure is adopted in the state and Wellsville does not have its own tax, it will be unable to adopt one.

He said if Wellsville does have the tax and the state sets up an income tax, the city then would receive its share.

Bush said it would depend on how the state legislation is worded.

MILLER ALSO commented the city will have to spend a few thousand dollars next year to set up separate radio communication systems for the police and fire departments. This is required by federal law, with next October the deadline for all installations.

Stroble's street and light committee was asked to investigate a request from the H. K. Porter Co. for a no parking zone on Clark Ave. near its plant.

Stroble asked about installation of a fence on Main St. at 17th St. as a protective measure to halt parkers.

Mayor Daugherty asked for a private meeting with Council to outline a program set up by organizations and individuals for improving the entire area from about 12th St. to 18th St. along Main. Council agreed to meet with the mayor Friday at 7:30 p. m.

Alex Rutecki of Lisbon, Columbiana County Civil Defense director, outlined the countywide program. Wellsville and East Palestine are the only two municipalities that have not joined the organization.

A LENGTHY and sometimes heated discussion followed on CD. Council agreed to study the proposal further at the meeting Friday night.

Rutecki pointed out eight public fallout shelters have been designated in Wellsville. These will be stocked by the federal government.

Harold Sneddon, local manager of the Ohio Valley Gas Co., reported to Council that with the aid of Bush, a community survey had been prepared including Wellsville to be used by the firm to interest industries to the area.

He also commented that a couple of street openings that had been patched will have to be re-

placed as some bad blacktop was received. He said the holes will be taken care of today, weather permitting. One is at 9th and Main Sts.

A letter was received from George E. Grafton, who complained of receiving parking tickets and of trucks taking up two parking spaces while unloading. The letter was referred to the mayor and police.

The Rev. Arden Beck of the First Methodist Church gave the opening prayer.

Kiwanis Told Of Terminal Operations

Operation of the Wellsville terminal was outlined by Hugh Cooper, local supervisor of Sulphur Terminals Co., Inc., at a meeting of the Wellsville Kiwanis Club Tuesday noon at the Hotel Wilk. Cooper explained the operation of unloading the liquid sulphur received from the Freeport Sulphur Co. He screened a film, "Sulphur Mine at Sea," showing how sulphur wells are drilled in the Gulf of Mexico.

The local terminal can store 20,000 tons or 2 million gallons of sulphur. It is heated at all times to keep it in a liquid state. He said the terminal services 63 railroad cars and a truck.

Special barges are used to haul the sulphur from Port Sulphur, La., and the trip, carrying 10,000 tons, takes from 11 to 12 days. The barges and boat are owned by the Canal Barge Lines.

The sulphur is shipped from Rail cars carry it to Canada, New York, Pennsylvania and various points in Ohio.

Twenty-five attended. Richard Grills, president, conducted business.

Two members of the Key Club, Dave Ewing and Kenny Dickinson, were guests.

The final division council meeting of the year will be held next Wednesday night at Westgate School. The East Liverpool club will be host.

A "Ladies Night" program has been set for Tuesday, Dec. 4, at the Hotel Wilk.

Girl Injured In Car Wreck

A Salineville girl was one of three who received minor injuries in district road mishaps Tuesday and today, including the upset of a tractor-trailer near Salem this morning in which a gas main and utility pole were broken.

The Ohio Highway Patrol at Lisbon said a car operated by Helen I. Eagan, 17, of Beloit, headed west on Route 30 near Hanoverton, veered off the road and overturned at 7:40 p. m.

The driver suffered a laceration of the leg, and a passenger, Bonnie McCloskey, 17, of 113 E. Main St., Salineville, received bruises of the head. They were treated at Salem Central Clinic.

The 1948 Anglia auto received moderate damage in the crash, which occurred a half mile west of Hanoverton.

Clarence B. Mellott, 44, of York, Pa., escaped injury when his pipe-laden rig plunged off Route 62 a mile west of Salem at 4:50 a. m. today and went into a ditch, snapping an underground gas main, then rolling over and breaking a pole supporting telephone lines.

Officers said escaping gas did not ignite, but posed a serious hazard for a while. Mellott said he was forced off the road by an oncoming auto.

Shirley Gullett, 20, of Leetonia R. D. was cited for driving left of center after her car left Route 45 a mile south of Salem at 7 p. m. and overturned. She suffered abrasions of the knee and head.

Rotary Guest Predicts Eventual Cancer Control

The swift moving parade of new medicines and vaccines will bring under control such killing and crippling diseases as cancer, heart ailments and multiple sclerosis "sooner than you think," the Rotary Club was told Tuesday.

Robert O. Higham of Wheeling, in predicting these and other medical victories before the end of the century, said his expectations are not farfetched considering achievements in medicine over the past 25 years.

Medical representative of Ciba Pharmaceutical Products, Inc., of New Jersey, 12th largest company of its kind, Higham spoke on "The Medical Revolution" at the club's meeting in the Travelers Hotel. The speaker and associates visit physicians and pharmacists regularly to keep them informed of new developments in the drug industry.

Higham projected that by 1990 a prescription will be available in drugstores to relieve dreaded leukemia; heart ailments and some forms of cancer will no longer be "really serious" and coronary attacks can be thwarted by an apparatus taped to a person's chest to record the buildup of danger signals and inject proper medication.

"Drugs to combat cancer and heart diseases will be only a fraction of the medical victories expected to be realized by the year 2000 or sooner," the Youngstown University graduate said.

"Each of the health gains we enjoy today was, in its own way, and in its own time, as great a victory as the cures for cancer and heart disease we can expect within a generation," he added.

He described recent progress in drugs as a "medical revolution." "Before 1940, with a tiny handful of exceptions, drugs cured nothing. Their main value was to

ago. Higham said the average per capita expenditure for prescription drugs is only \$15 — a lot less than most spend to maintain an auto.

Higham said the average cost of a prescription drug is \$3.25 with the manufacturer's profit on each sale only 19 cents. The profit goes to the shareholders as dividends and into a fund to build new plants and purchase new equipment—also acting as a financial buffer in case a new drug is unsuccessful on the market.

A survey of 2,000 pharmacies showed an average profit of 5.7 per cent before taxes on drug sales, Higham said.

"I think you will agree that the few dollars you spend on effective drugs today — drugs that cure or give blessed relief — also repre-

sent about the finest life insurance in the world," Higham concluded.

The speaker was introduced by Dr. Charles A. Gerace, program chairman. Sidney C. Porter Jr., president, presided. Eighty-three have made reservations thus far for the Rotary Ann banquet Nov. 28 at the Country Club, he announced.

Giving THANKS is the first American Tradition

Thanksgiving was the first holiday to be celebrated in our country, and it remains a unique American festival. On Thanksgiving Day our differences fade when, with a common inspiration we look upwards to express our gratitude for the richness of our land and the freedom of our lives. We have come far since those first bleak Pilgrim days. We have so much to be thankful for. This Thanksgiving, let us remember the past while we pray for the future.

County Hikes 1963 Budget For Schools

LISBON — A 1963 budget of \$59,751 was approved by the Columbiana County Board of Education Tuesday night, an increase of \$2,429 over the 1962 budget of \$57,321.

The increase is spread chiefly through salary boosts for some personnel.

The budget, with the 1962 figures in parenthesis, is:

Part A — Elementary Supervisor Lorin Ruff \$8,100 (\$8,100); High School Supervisor Urton Anderson \$7,850 (\$6,783); special instruction teacher \$8,300 (\$7,950) and travel expenses for these \$600 (\$600).

Part B — County Supt. James McBride \$9,300 (\$9,300) plus \$600 (\$600) travel; secretary 1 — \$4,300 (\$4,300); secretary 2 — \$2,820 (\$2,467.50); county attendance officer \$2,701 (\$2,701) plus \$450 (\$450) travel allowance; educational meetings \$100 (\$50); county board of education \$400 (\$400).

Communications \$850 (\$850); postage \$350 (\$350); office equipment \$900 (\$800); office supplies \$1,800 (\$1,700); printing \$700 (\$700); repair for office equipment \$100 (\$100); board's share of teacher retirement \$3,745 (\$3,700); board's share of school employees retirement \$965 (\$900); service fund \$500 (\$500) other expenses \$900 (\$800); attending educational meetings \$600 (\$500); testing and guidance \$1,600 (\$1,500).

In other business the board discussed the request of Mrs. Louise Martin of Washington Township for \$2.50 a day to transport her children approximately five miles a day to and from a school bus stop. The bus is unable to get into her road during bad weather.

The board said a check of the road indicated it would be impossible to get a 60-passenger bus in the road to pick up the five children, 9-15 years of age, but members said they believe \$1 a day offered by Southern Local is fair since it would average over 20 cents per mile for this service.

Mrs. Martin and William Bauman, a neighbor, told the county board and Southern Local officials that they will have to send the bus in after her children as she wouldn't transport them for \$1 per day.

County board members replied that it is the primary responsibility of parents to see that their children get to school and that county board's only jurisdiction is to verify if road was so bad that it is not advisable to drive a bus in and in their judgment the amount offered by Southern Local is adequate.

Dan Furey of Hanoverton was the only board member not voting for the \$1 offered by Southern Local.

Supt. McBride reported on the September school bus inspection showing that of the 137 examined, 66 were satisfactory, 61 needed minor adjustments and 12 failed completely.

Officials of the county's four school districts will go to the surplus warehouse in Columbus Tuesday for supplies. McBride also reported on the possibility of a vocational high school for the 30 to 40 per cent of county students who don't go to college.

Atty. Donald Elliott, board member, reported on the Ohio School Boards Association meeting he attended recently in Columbus.

A lengthy discussion on salary

raises was held but the only official action taken was the hiring of Miss Phyllis Hadley, secretary, for 12 months instead of the 10½ she now is employed. No other action was taken on other adjustments.

Fred Lohman, attendance officer, reported he made 31 home and 53 school visits and drove 1,183 miles during the month.

Supt. McBride invited the board to the county administrators roundtable to be held Nov. 28 at Salineville High School.

Bills totaling \$3,982.11 were paid. The board will meet Dec. 18.

Parking

(Continued from Page One)

and a half hours of free parking on each night stores were open. Actually, the city would be giving up enforcement and meter fees only on Thursday nights. As the present parking meter ordinance reads, Thursday is the only night on which the regulations are enforced because it is the only night the year-round when stores are open late.

Council's next regular meeting falls Dec. 3. But if Council action is required and if the members indicate general approval, a special session may be asked to put the plan into operation as quickly as possible.

The decision was thrashed out by the five members of the commission who attended last night's session — W. C. Heasley, chairman, John Kelly, Don Burdick, W. Leland Thompson and Ray Wilson. Owen and Fire Chief Charles Bryan also attended.

The commission also recommended synchronization of all traffic lights on E. and W. 3rd Sts. when the city installs two new signals that Council indicated Monday night it will authorize.

Installing two signals would make a total of four lights along 3rd St., which is the access route to the south end of the new freeway. Council proposed new lights for W. 3rd at Jackson and Jefferson Sts. The existing lights are at Market St. and Broadway.

The commission said synchronizing all the signals would allow traffic to move smoothly at specified speeds, meeting each light in succession as it turned green.

Owen said parking has been banned on the Jackson and Jefferson St. approaches to W. 3rd St. to increase the view of oncoming traffic for drivers entering the thoroughfare from side streets. Curb on both streets are being painted yellow for a distance 30 feet back from the intersection — the maximum allowed by law, Owen said.

At present, a motorist driving off one of the side streets finds his view blocked by parked cars, so that he must pull the nose of his auto into the intersection to see oncoming traffic, Owen said. The commission set its next meeting for Monday, Dec. 10, and agreed on two items that will be on the agenda.

There will be a discussion of the hazardous intersection at Park Way and Pennsylvania Ave. and a study of the possibility of establishing one-way traffic west on E. 4th St. from Pennsylvania Ave.

Records

some funds were overdrawn as of June 30, 1961, and called attention to a section of state law which prohibits the city auditor from paying a voucher unless there are sufficient funds in the city treasury to the account of the fund on which the voucher was drawn.

The report noted that a separate report was prepared and filed on the examination of the waterworks and sewer departments for the same period. Listing a shortage of \$23,841, the first report was filed last June 28. It led to indictment of a veteran employee on embezzlement charges.

Midland Heights Girl Runnerup In Contest

Miss Mary Jane Vazquez of Midland Heights, Midland, was chosen second runnerup to the Girl-Of-The-Year Monday night at the annual graduation exercises of the John Robert Powers School at Pittsburgh.

She is employed as a secretary at the Midland Works of the Crucible Steel Co. There were 197 in this year's graduating class.

tion of a new bridge on the road. Maintenance crews from Jefferson County and a special project crew from the Division 11 office cut back a slope to increase sight distance on a curve along New Somerset Rd. The one-tenth mile project was near a driveway to school property.

Preliminary plans have been approved for construction of a new bridge over Yellow Creek in Hammondsville. The consulting engineers, Gannett, Fleming, Cordry & Carpenter of Harrisburg, are preparing construction plans for the Division 11 office. The type, size, location and structure of the bridge have been approved. Plans are expected to be completed in March and the project may be opened for bids early in 1963.

The \$115,000 project calls for a new bridge, and raising of roadway from the bridge to the Pennsylvania Railroad crossing nearby to improve sight distance, officials said.

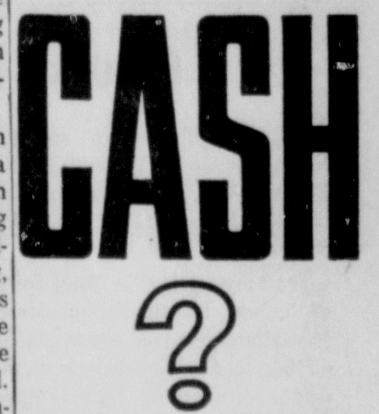

Woman Asks \$32,597 After Traffic Mishap

LISBON — A suit for \$32,957 for alleged personal injuries and damages stemming from an auto-truck accident was filed in Common Pleas Court Tuesday by Evelyn Wilkes McGee of Columbiana R. D. 2.

Home Arthur Miller of Salem R. D. 1 was named defendant. Mrs. McGee's petition claims her auto and a truck driven by Miller were involved in a crash May 29, 1961, at the intersection of Routes 164 and 558 near Columbiana. She alleges Miller failed to halt at the intersection and collided with her auto.

Motorist Fined \$5

LISBON — John E. Adams, 18, of R. D. 1 was fined \$5 and costs Tuesday by County Judge James L. MacDonald for driving with defective brakes. He was cited by the State Highway Patrol.

Cracks In The Solid South

Political pulse-feelers are guessing that North Carolina, Virginia, South Carolina, Florida, Tennessee, Texas and Arkansas may bolt the Democrats in the 1964 presidential campaign.

They are saying the Solid South is a thing of the past, like the Republicanism of Maine, New Hampshire and Vermont. They are predicting that a Republican presidential candidate with strong appeal to anti-Kennedy Democrats in the 11 Southern states might pry their 128 electoral votes out of the Democratic party's grasp.

In these states and the border states, say the pulse-feelers, a Kennedy ticket would have to fight for every electoral vote it received. In some states there would be three states of electors, in others unpledged electors. In still others Republican electors would win, as they have been winning in Tennessee and Florida recently.

THE QUESTION is whether Republicans will be tempted to throw away their hope of edging into the big-city Democratic vote of the North in favor of a chance to break up the solid Democratic South.

The temptation would be strong; there can be no doubt about that. The Democratic party's presidential prospects are tied to those 128 electoral votes in the 11 Southern states, plus the border states with historic Democratic inclination. If this bloc could be

broken up permanently if a two-party system could be set into vigorous motion in the Southern states—Republican fears of being a permanent minority could be allayed.

The risk would be the effect on Northern voters, especially in the cities.

WOULD VOTERS forgive Republicans for soliciting the support of dissident Democrats angry at the Kennedy administration for its civil rights program?

Or would they give Republicans the benefit of the same double vision that has made it possible for Democrats to think of John F. Kennedy and Lyndon B. Johnson as being on the same side of the coin?

In other words, could Republicans get away with a ticket composed of a Northern liberal and a Southern stand-patter?

Would it draw votes in Cleveland, Detroit, Chicago, Philadelphia and Los Angeles?

That's the chance Republicans would take.

Close Them All

More power to those who are trying to remove the "slots" from Chester.

With some of the notorious, plush gambling resorts running wide open in other parts of Hancock County, it's too bad that others in a position to do so have not taken a similar interest in shutting them down tight.

Putting The Best Face Forward

It would be surprising to learn that Sen. Everett M. Dirksen and Rep. Charles A. Halleck, the "Ev" and "Charlie" of the Republican party's so-called "Ev and Charlie Show," are not prepared to step aside if something better comes along.

It would be even more surprising if party leaders from the chairman of the Republican National Committee down through the organization failed to find merit in a suggestion by Rep. William H. Ayres of Summit County. He is publicity adviser to the Republican delegation in the House of Representatives.

His suggestion is to choose as party spokesmen various Republicans who know most about the subject matter, instead of identifying all party views with the faces and voices of the men who are its Senate and House leaders.

He believes this would put a more interesting face on the Republican party; that new and varied faces would improve its image.

Sen. Dirksen and Rep. Halleck couldn't deny this if both were twice as handsome as they are. An occasional change would be easier on viewers than the same two faces, even if the new faces also were lined and seared by the vicissitudes of time and adversity.

The complication would be selection. There would be pulling and hauling. Jealousy, pride, sensitivity and ambition would have to be

coped with, which may explain why "Ev" and "Charlie" have found it easier to keep on appearing front and center themselves.

But surely if someone can figure out how the party's best face can be put forward without complications, Sen. Dirksen and Rep. Halleck would jump at a chance to take themselves off the spot.

Last Call

The Community Fund is just 7 per cent short of its \$80,000 goal. Campaign leaders hope to close the gap by the end of the week.

With this objective in mind, they have made an appeal to the following:

Faithful donors who have not yet mailed their gifts.

"Several" company - representatives who have not yet completed their in - plant canvass of employees.

Campaign workers who have not yet turned in their reports at headquarters.

If the groups above heed the appeal and if those who have ignored the drive completely now fall in line and do their part, there is reason to hope that the goal will be reached before the weekend.

If such comes to pass, it would be another reason for giving thanks.

And Now The Airplanes

Fidel Castro's apparent readiness to have Soviet jet bombers taken out of Cuba is almost too good to be true.

It matches the almost-too-good-to-be-true compliance with the ultimatum on Soviet missiles in Cuba.

Nobody thought their removal would be as easy to arrange as it turned out to be, either. It was so easy, in fact that the United States felt it must have underestimated its strength in the past and has been feeling good about its new-found power ever since.

But there is a possibility it has been too easy.

THE POSSIBILITY is related to the fact the Soviet Union asserted its potential aggressive power in Cuba in three forms—missiles, bombers and submarines.

It says it has removed the missiles, though the United States has no way of knowing this to be true.

Castro says it's all right with him if it

removes the bombers, a statement that means nothing in and by itself.

But no one is saying anything about removing the submarines. If these are submarines capable of firing nuclear missiles, they would be the counterpart of the U.S. Polaris weapons system, designed to replace all other missile systems eventually.

IT COULD BE that under cover of taking its wooden horse out of Troy in separate pieces, the Soviet Union is building a submarine base in Cuba under the noses of the defenders of Guantanamo—a nuclear whale for a wooden horse.

Everybody admits that Russian submarines have been seen in Cuban waters. Everybody knows Russian ships have been busy in the North Atlantic for many months. Everybody in Cuba knows about evidence of heavy construction that has no connection with missile bases or airfields.

Yet nobody talks about submarines. Why?

This and That

Why are eyebrows, you ask? They protect the tissue above the eyes and have a great cosmetic value as an agent for softening hard facial features and by contrast enhancing the beauty of the skin. Eyebrows are said to create a proportionate cosmetic value for the nose, brows and forehead, and to accentuate the contours of the face.

The oldest European settlement in North America, north of the Gulf of Mexico, is Annapolis Royal, Nova Scotia, which was founded in 1605 by the French and ceded to the British in 1713.

Canada's hourly wage rate is second only to that of the United States. However, the man-hour output of Canadian labor is about 24 per cent lower than the American workman's toil.

The loudest "voices" in the animal kingdom, according to the consensus, are possessed (in order of volume) by the lion, the elk, the sea lion, the wolf and the elephant.

The number of full-time policemen in the United States, according to latest figures available, is a little more than 195,000 — which boils down to about 1.9 policeman for every 1,000 persons.

The 10 most popular states in the U. S. are in order: New York, California, Pennsylvania, Illinois, Ohio, Texas, Michigan, New Jersey, Massachusetts and Florida.

Now We Know How He Feels

Labor Leaders Resent 'Reception'

By Victor Riesel

Late on the morning of Thursday, Nov. 15, the White House almost was picketed by men who really know how to sling a string of pickets.

There nearly was a "strike"—the first which would have begun inside the Executive Mansion. This would have been a walkout, not by the staff Victor Riesel but by special guests.

It all began in the gold and white East Room. President Kennedy had invited some 200 leaders of the nation's unions to come and sign a pledge that they would open their organizations to all minorities.

Many of the labor leaders never had been to the White House. Their appointment was set for 11 o'clock. But so eager were they to see the inside of the home of presidents, they began gathering at 10 a.m.

By 10:30 there were some 60 men, avid to stroll through the first floor and see for the first time the Blue Room, the Gold Room, perhaps the Fish Room or some of the sacred second-floor rooms, such as Lincoln's.

WHEN THEY TRIED to stroll out of the East Room, they found themselves restricted. The Secret Service barred their way out.

They were told they were confined to the East Room until they would be joined by the President for the formal signing of the documents. Someone asked the officer in charge why they were being kept inside the room. The reply stirred resentment.

The Secret Service had cleared the floor for other visitors. Who? The Bolshoi Ballet troupe of 120 dancers and other stage people being brought in by His Excellency the Soviet ambassador and Mrs. Anatoly Dobrynin.

The American labor leaders are unaccustomed to such treatment. Furthermore, they were angered by the lack of trust in their sense of discretion. And they were startled by the decision to keep them locked in while the Russian troupe trooped through the White House.

Someone snapped out something that sounded like, "The Russians, yes? We, no?" Then one nationally prominent labor leader seri-

ously suggested walking out. There was genuine bitterness. Someone else growled something about striking and let's picket.

SUDDENLY the Secret Service officer, having departed for a bit, returned and opened the door. If President Kennedy knew of the incident, he did not learn of it from the labor leaders. Nothing was said during the official meeting with him later. But it is certain that some of them would have walked out.

Inside American labor there is deep distrust of the Soviets. U.S. unions are practically the only national force in our land which has refused to go along with the official people-to-people and cultural exchanges.

They'll support American culture, yes. Russian, no. Many of the labor leaders for example, returned for a two-hour cocktail reception given by Mrs. John Kennedy to raise enthusiasm and funds for the National Culture Center.

There is good reason for the bitterness on the part of U.S. labor, under such leaders as George Meany and the philosophical pace-setter, David Dubinsky, towards the Soviets.

THE DAY BEFORE the labor men had gone to the White House, their Executive Council had voted \$150,000 to build a new global labor capitol building for the International Confederation of Free Trade Unions in Brussels. The ICFTU fights Communist International Confederation of labor on a world front.

Not too long ago the confederation issued this report to its international leaders, including, of course, the American unionists: "A new 'Labor and Social Insurance Book' will be issued to the entire working population of the Soviet Zone of Germany in place of the present 'labor book' and insurance card."

"The labor book" has been in operation in the Soviet Union for many years and was also in use by the Nazi regime in Germany. It is in fact an employment record which enables the authorities to control the whole vocational career and participation in production of the worker. Promotion or downgrading, awards or warnings, production pledges, voluntary unpaid overtime work as well as transfers from one job to another are noted in this book.

Treachery At Sea

By David Lawrence

Cuban Sabotage Faces Foreign Shipping

The worst example of cruelty to human beings since the torture chambers of yester years was reported Sunday night. Twelve Canadian seamen and their captain struggled for life in the midst of a violent storm on the Atlantic as their ship wallowed helplessly because Cubans had deliberately filled the vessel's tanks at Havana with a small amount of oil and a large amount of water.

Five times other ships passed by, either without seeing the Canadian ship's flag of distress or because, in the heavy seas, they were unable to come in close to the small ship.

For 9 days the battle for life went on. Then came the tanker San Gaspar, which had to leave the Canadian vessel behind but took the grateful seamen into Hamilton Harbor, Bermuda.

Certainly this looks like a piece of human interest news but it got scant attention from the news broadcasters on Sunday night, though it has a far-reaching significance.

HERE IS the dispatch which came over the wires of the United Press International at 6 o'clock Sunday evening — in ample time for news broadcasts during Sunday night.

"Hamilton, Bermuda — The captain of a Canadian freighter said on his arrival here today that his ship had to be abandoned in a fierce Atlantic storm because Cubans filled most of his fuel tanks with water when he left Havana.

"Capt. Edward Clark, 61, arrived here aboard the tanker San Gaspar which picked him and 12 crewmen up from the East Star. "The East Star, a 155-foot long Canadian freighter, had been drifting fuelless for nine days until its flares were sighted last night by a plane looking for bodies of crewmen from a Greek freighter, Clark said.

"Capt. Clark, of St. Josephs, Newfoundland, said his small ship was full of water in the No. 1 hold, was listing 25 degrees, and waves were breaking over it when help finally came.

"Describing the ordeal as 'the worst experience of my life,' the captain said it all started when the East Star took on what he thought was a full load of fuel for the return trip from Havana.

"We took on 18 tons and 88 gal-

lons of fuel in Havana," he said, "and it was 15 tons water."

"Trembling with emotion, the white-haired captain — a ship's master for 34 years — told how he tried to keep the ship's lights going with what little fuel he had left and how finally radio communications from the East Star failed.

"We cut our engines and drifted with the wind 9 days," he said. "This was the night of Nov. 7. We raised the 'LV' (distress flag) in plain sight of five ships but they went right on."

Asked the next day whether he thought the Cubans had deliberately filled his ship's tanks with water, Capt. Clark said: "Well, in my 34 years as a ship's master, I've never seen anything like it."

WHO DID IT? Was it done by the Cuban government or by Cubans who happen to be bitter against foreigners?

Canada in recent months sent supplies to Cuba despite protests from people in this country. Lately, the Canadian government has lined up with the United States against Castro. The act of sabotage could have been a reprisal against the Canadian government by members of the Castro regime in Havana.

Although the story broke Sunday evening, no comment was forthcoming from Ottawa as to what the Canadian government intends to do about the sabotage. The item should be of interest also to the United States government, which has been trying to "quarantine" Cuba and to persuade other countries to join in what amounts to an economic blockade of the island.

Officially a distinction has been made between the shipment of military weapons or equipment and food and non-military supplies but if the Cubans are sabotaging foreign ships in the harbors of Cuba, many of the seamen of the world will not wish to risk voyages to that country.

THE SEAMEN'S unions in this country have refused to handle cargoes of ships which engage in Cuban trade but the seamen of other countries have continued to man European ships bound for Cuba. By so doing, they have left the merchant ships of the Soviet Union and the Communist bloc countries free to carry missiles and military equipment, while the ships of other countries transport food and non-military items to help meet the serious shortages which the Castro regime is experiencing.

Rusk's Startling Note

By James Marlow

WASHINGTON Secretary of State Dean Rusk — not President Kennedy or Premier Khrushchev — has suddenly injected a startling and mystifying note in international relations.

When Kennedy announced at his news conference Tuesday night that Khrushchev had promised to remove his jet bombers from Cuba, this was good news but it had been expected for a couple of days. It cleared the air a bit but not completely.

Kennedy has wanted inspection by the United Nations inside Cuba to be sure all Russian offensive weapons are removed. So far he has not obtained agreement on this from Fidel Castro.

He said that until there are international arrangements for inspection in Cuba "difficult problems remain" and this country will have to "pursue its own means of checking military activities in Cuba."

So the Cuban problem is not at all settled. But just a few hours before Kennedy addressed the newsmen, Rusk was talking to the Foreign Policy Association in New York.

"I suspect that we are on the edge of perhaps unprecedented events that could affect the peace of the whole world," Rusk said.

He could hardly mean in this sensational statement what Kennedy was to disclose a few hours later — Khrushchev's promise to take his bombers home — since this had been expected and was just one more step in his Cuban backdown.

Kennedy didn't mention at all in his news conference this extraordinary comment by Rusk who is not given to making flamboyant or startling statements. On the contrary, Rusk always operates quietly.

Rusk hinted in his New York talk that developments in various diplomatic areas were soon to be expected, saying: "consultations are in progress as we meet here now which may very much affect" Kennedy's thinking.

But Kennedy was to say at his news conference that his letter exchange with Khrushchev and negotiations between Americans and Russians at the United Nations were limited to Cuba and took in no other issues.

Rusk, whatever it was he had in mind, left it a mystery. In reviewing the Kennedy-Khrushchev

exchange on Cuba, he said hope was expressed that "other agreed measures might follow to lessen the tensions of the world."

Relations between the Russians and Red Chinese seem to have been deteriorating for years. The Chinese, reversing the "soft-on-Communism" slogan of American right-wingers, have in effect accused Russia of being soft on capitalism.

The relationship hit a new low when Khrushchev backed up on Cuba and the Chinese, without actually accusing the Russians by name, denounced Khrushchev's withdrawal in the face of Kennedy's firm stand on Cuba.

The role of communism took on a doubly tawdry look when, while Khrushchev was yielding in the face of American power, the Red Chinese invaded helpless India. The Communist world began to look split and upside down.

The Chinese, who had tried to influence the neutral nations by screaming against Western aggression and imperialism, became both an aggressor and an imperialist.

And Russia, which had preached peaceful coexistence, was caught red-handed in Cuba trying to sneak in missiles with which to try to intimidate the United States.

But this didn't quite explain why Kennedy twice said on Tuesday "this is a very climactic period." He first used it when asked to give an estimate on relations between Russia and Red China.

Kennedy avoided a direct answer. He said it was too soon to be accurate. He added "we can perhaps tell in the next months what is going on in the world beyond this hemisphere with more precision."

Dump Control Plan Pushed

LISBON—The Columbiana County Board of Health gave first reading to an ordinance for licensing and regulating dumps at its meeting Monday night.

In other business, the board heard a report and will receive information listing results of use of plastic pipe for septic tank lines from Frank P. Wardwell, representing the Evans Pipe Co. of Uhrichsville.

Dr. C. S. Palmer, health commissioner, reported two cases of infectious hepatitis in the county. His monthly report also showed:

Thirty-seven school visits, 616 Mantoux TB tests, 73 immunizations, 48 polio shots and 16 vaccinations. The staff made eight visits to the County Jail, gave 36 Mantoux tests, five doctor office visits, nine home calls and had one educational meeting.

The county issued 48 plumbing permits and 61 sewage permits during the month.

Gene Cover, plumbing inspector, made 55 plumbing inspections, 42 sewage, took five water samples and made five nuisance investigations.

Harry Stockdale, sanitarian, made 40 sewage inspections, 17 food service checks, visited 13 schools, took 23 water samples, investigated eight nuisances, and inspected two trailer parks, six refuse sites and five nursing homes.

Cover was authorized to attend a workshop at Kent State University Dec. 4-7, sponsored by the State Department of Health for 12 inspectors in the northeast area.

Bills of \$3,933.07 were ordered paid. Next meeting is Dec. 17 at 8 p. m. at the Courthouse offices.

Lions At Newell See Sports Film

Movies of a hunting and fishing trip through Mexico and Guatemala were screened by Robert Wells at a meeting of the Newell Lions Club Monday night at the Shamrock Restaurant.

The club announced plans for a family dinner Dec. 17 to be held at the Nessly Chapel's Watson Home. A candy sale was adopted for the December project.

Donations were made to the Tuberculosis Seal drive, the Retarded Child Council and the Help A Child To Health Council.

Dick Smith, chairman, reported the annual broom sale had been completed.

Sixteen were present and Ed Sahnert was introduced as a new member.

Next meeting is Dec. 3.

Thanksgiving Dinner Set For County Home

LISBON — Approximately 85 residents at the Columbiana County Home will be served a special Thanksgiving dinner Thursday noon.

Supt. Russell Phillips said it will consist of roast chicken and dressing, mashed potatoes and gravy, creamed peas, cranberry sauce, pumpkin pie, coffee and milk.

At the County Jail, 35 inmates will have roast turkey and dressing, mashed potatoes and gravy, buttered peas and carrots, cranberry sauce, cake and gelatin and coffee.

2 New Scout Units Formed

The formation of a new Cub Scout Pack and Boy Scout Troop was announced today at the Boyce Methodist Church in East End.

The project has been under way for several weeks. Don Ramsey, Cherokee Boy Scout District organization chairman, was coordinator. The new units have been assigned number 75.

Donald Croxall of Dairy Ln. is the cubmaster. Den mothers are Mrs. Lilly Tyler, Mrs. Myrtle Pringle and Mrs. Joanne Stewart.

The pack committee includes Harold T. Seevers, chairman, George Moidel, Harry Stewart, Earl Taylor, James B. Stickler and Cornelius Peachey.

Twelve boys are officially registered.

Larry Nusser is serving as institutional representative for both the pack and troop.

James N. Tyler is serving as scoutmaster. Tom E. Seevers is troop chairman. His committee includes John Pringle, Donald Perkins, Dean F. DeLong, George H. Hall, Charles Wagoner and Lyle Foster.

The troop will meet on Thursday evenings. Further information may be obtained by contacting Tyler at FU. 6-4160.

Man, 29, Held In Slaying Of Babysitter, 17

COLUMBUS, Ohio (AP)—A 17-year-old babysitter was struck with six shots from a .45-caliber pistol and killed early today. Police were holding a 29-year-old North Side man for questioning. Police identified the victim as Alice John Wilcoxson.

Charges were expected to be filed against James Click, police said.

The victim was babysitting at the home of Mr. and Mrs. Blaine Walters, police said, when Click entered the apartment and fired all six shots of the pistol into Miss Wilcoxson.

A witness to the shooting, Sharon Reeser, 17, said Click and Miss Wilcoxson had argued earlier Tuesday night, police related.

Police said Click appeared to have no connection with the slaying of a business school coed, Mary Margaret Andrews, in the Ohio State University area several weeks ago but that he would be questioned about it today.

The scene of today's shooting is several blocks east of the Andrews slaying.

West Point PTA Plans Yule Party

WEST POINT — The Christmas party of the West Point school will be held Dec. 17 at the Beaver Local High School, according to plans completed at the Parent-Teacher meeting held Monday evening at the West Point School.

William Conrad, president, presided. The Rev. Harold Applegate led devotions. The Executive Council was authorized to act as the ways and means committee.

A Thanksgiving poem was given by Ricky Reynolds, first grade student.

Reports from various committees were given, along with a report by Mrs. Stanley Wolski on the state PTA convention she attended recently.

Mrs. Edith A. Lewis, third grade, with Mrs. John Wallace as homeroom mother chairman, served the lunch to 50. Mrs. John Steffen's first grade again won the attendance banner.

Three Suspended Policemen Face Other Charges

CLEVELAND (AP) — Three Cleveland policemen suspended as the result of an investigation of theft of a purse from the scene of a fatal accident will face department charges of lying and making false reports.

Police Chief Frank W. Story, who suspended the three Tuesday, said they will have a hearing Monday before Safety Director John N. McCormick.

The three are William J. Greller, 32, of Cleveland; Elmer E. Cummins, 30, of Brook Park, and John P. O'Donnell, 32, of Lakewood.

The missing purse belonged to Mrs. Joseph Bires of Toledo. She and her husband were injured seriously in an auto accident in which their son, Joseph, 11, was killed and two other children were injured.

Story said two of the patrolmen at first denied they saw the purse, then later admitted that one of them threw the purse into the trunk of a police cruiser and that the other man saw him. The third patrolman insisted he never saw the purse. A lie detector test was inconclusive.

There were 18 policemen and 17 firemen at the accident scene.

McCormick will rule on the case after hearing the patrolmen. Maximum punishment would be dismissal from the force.

Letter To Santa Asks Return Of Girl's Dog

CINCINNATI (AP) — The first letter to Santa Claus was sent a bit early this year by 11-year-old Susan Miller, who only wanted her dog, Spot, returned.

Cincinnati postal officials said the letter Tuesday from the Cincinnati girl said her 12 brothers and sisters were unhappy and "even my mum and dad is (sic) very sad." The 8-month-old pup disappeared early this month, she said. "We have all walk (sic) many miles looking day after day for him Mom went to the dog pound to (sic). It's not like Spot to just take off he always comes home."

Hints from Heloise

— By Heloise Cruse —

Dear Folks: Last year I wrote an article on a new way to cook roast beef, which I learned in Peking, China. We were staying at a little Chinese Hotel which served the most delicious roast beef that I had ever put into my mouth. One night the Chinese cook revealed his secret.

Here it is: My name for it is "Peking Roast". It is cooked in coffee. It is terrific. It is not necessary to use an expensive cut of meat to make this recipe, and it's no trouble at all to cook. . . And best of all, when it's done, it will taste like the most expensive cut of beef.

For this roast you may select any cut of beef. This is one place where the most inexpensive cut may be used to great advantage. I use boiling beef, chuck or brisket. I sometimes mix two different cuts of beef in the same pot. I have found that when I do this it's even better!

I personally like boiling beef and brisket cooked together. This way . . . those who like all lean meat can eat the brisket, and the fat from the boiling beef adds flavor.

Take any cut of beef about 3 to 5 pounds. Use a large knife to cut slits completely through the meat. Insert slivers of garlic

into the slits. Those who do not like garlic can use onions instead. Both may be used if you wish. The Chinese cook did use both; one onion sliver, and one garlic sliver, etc.

Pour one cup of vinegar over the meat and make sure it runs down into the little slits where the garlic and onion buds have been placed. Put this in your refrigerator and leave it for 24 to 48 hours.

When ready to cook, place in a big, heavy pot — iron if possible — and brown in oil until nearly burned on all sides!

Pour two cups of strong black coffee over the meat. Add two cups of water and cover. Simmer on top of the stove for four to six hours. Season with salt and pepper 20 minutes before serving time. That's all there is to it, gals.

This roast falls apart with the touch of a fork, no matter how tough your meat originally was. And the yummy black gravy that you get will put those mashed potatoes out on cloud nine. The gravy may be thickened or left as is. If you like lots of gravy, some water may be added.

Another thing, if you cook your roast too fast or the lid is not tight enough, you may need some additional water. This does not

change the taste of your roast. However, don't let the roast swim as if it were a whale in the Pacific! Never add more than one cup of water at a time after the mixture has begun to boil down.

We do not usually repeat back columns, but this recipe is so delicious that you could serve it to the Queen of England if she should walk into your dining room right now.

Due to the volume of mail (compliments and requests) we just had to repeat this one.

Ladies, we do not keep back copies of this column on file. So be sure to clip this and paste it in your cookbook.

HELOISE

DEAR HELOISE: For those who sew and want to make perfect gathering for the little ruffles that are so pretty: do they know they can set the sewing machine for the longest stitch, loosen the tension a bit, and then sew down the ruffle to be gathered?

Look on the bottom of the stitching and you will see the thread is very loose. All you have to do then is pull the loose thread and you can make the ruffle as loose or tight as you want, and it is perfect every time.

Training Set For Firemen

Plans for a fire training school early next year were discussed when Calcutta volunteer firemen met Monday night in the station with 17 attending.

Fifteen firemen are required to complete the various courses in order for the department to qualify for Class A rating. Members are to decide on either a 17-week, two-hour school, or another of 11 to 12 weeks with three-hour sessions.

Firemen are to sign up for the school by the next meeting Monday. Training will be held on Monday nights. The school is expected to be completed before the department's new \$21,000 fire truck is delivered. It has been ordered and delivery will be in six months.

Dale Horger, president, presided. Ralph Dunn was introduced as a new probationary member. Norman Neal reported entertainment has been arranged for the annual children's Christmas party Friday, Dec. 21. About 200 children of families in the area served by the department are expected to attend.

Chief Laverne Seckman reported on fire insurance riders that are outstanding. It was announced the Tri-State Firemen's Association will meet in Midland Nov. 29.

Hostess Trick: If you want to show your frosted layer cake to best advantage, use an old-fashioned pedestal plate to put it on.

Citation Dismissed
LISBON — A citation against Ruth P. Dailey, operator of Ruth and Bob's Tavern, 119 S. Market St., for delinquent payment of sales taxes, has been dismissed by the Ohio Board of Liquor Control following payment in full, it was announced by the board at Columbus.

Jail Sentence Suspended In Entry Charge

A Wellsville man and a Maplewood woman found in a River Rd. building Tuesday morning at 2:46 drew suspended 30-day terms in the County Jail when they pleaded guilty today before Municipal Judge Samuel M. Chertoff on charges of trespassing filed under state law.

The defendants were identified as Frank Schmidt, 34, of Kountz Ave. and Mary E. Cunningham, 25, of 403 Burrows Ave. Each was ordered to pay the costs.

The charges allege that they "did enter upon the premises of another without lawful authority."

Schmidt told Judge Chertoff his car broke down early yesterday and he was seeking help. While walking along the River Rd., he found an open door at the Miller Pump & Supply Co. building and entered to use a telephone to call help, he said.

Officers said the two were taken into custody in an investigation that began when Donald Miller of Smiths Ferry, the owner, found a broken lock on a door in a routine check of the building.

Miller remained outside the structure with his auto headlights shining on the door and waited for a police cruiser to pass, officers said. A short time later, a police car arrived, containing Patrolmen Robert Duffy and H. W. Bosworth.

The two officers, along with Patrolman Jerry Adkins, searched the building and found the man and woman lying underneath a truck, police said.

OSU Aide Airs Planning Topics For County Unit

LISBON — John Mitchell, extension rural sociologist at Ohio State University, explained how planning commissions operate at a meeting Monday evening in the county extension offices attended by 16 members of the Columbiana County Planning Study Group. Mitchell discussed planning commissions procedures, how they function, their duties and the benefits of a planning commission.

Floyd Lower, county extension agent and temporary chairman of the county group, presided.

He reported the League of Women Voters of Salem will have Walter Bobotek of Akron, director of the planning commission in Akron, as guest speaker for a meeting Nov. 29 at the YWCA, and the county study group has been invited.

The county's study group will meet again in December, but the time and place has not been set, Lower said.

Testimony Ends In \$15,000 Case; Jurors Excused

Testimony ended Wednesday in Common Pleas Court at Lisbon in a \$15,000 civil action filed against an East Liverpool physician by a Wellsville man, alleging malpractice.

Judge Raymond S. Buzzard, presiding, excused the jurors until Friday morning, when closing arguments from counsel will be presented, along with the charge by the court.

Dr. Costello was named defendant in an action filed by Bernard Ference, 1829½ Clark Ave., Wellsville. He alleges a cast placed on his left leg was too tight, causing him to develop osteomyelitis. The trial began Nov. 13.

A verdict is expected late this afternoon in another civil action for \$40,000. The action against Norman M. Dotson, 809 Louise St., was filed by Graven Lyle of New York, administrator of the estate of Isaac Lyle, former Chester resident.

The suit alleges Lyle died nine days after his car was struck by one operated by Dotson at the intersection of Lisbon and W 9th Sts.

The last witness for the defense was on the stand this morning in Judge Joel H. Sharp's courtroom. The case started Monday.

5 Men Due Induction In December's Quota

A December quota of eight has been set as Columbiana County's share of a call for 600 men by the Ohio Selective Service headquarters at Columbus.

Jefferson County's induction quota is five. The youngest registrant inducted must be at least 22 on or before Dec. 1, unless he is a volunteer.

Quartet Unit Waits Parade

Final plans for participation in the Christmas parade Friday were completed at the meeting of the East Liverpool SPEBSQSA Chapter Monday night at the Carpenters Hall. About 30 attended.

The Junior Chamber of Commerce is providing the float and members will meet at 5:30 p.m. at the Loblaw lot on Bradshaw Ave.

Bob Blatchford, president, conducted business. The group voted to hold sessions in the Elks Club ballroom beginning in December.

Glen Hart, incoming president, announced an orientation meeting for new officers will be held Dec. 9 at the ballroom with Jack Varley, chairman, and members of the Executive Board of the John Appleseed District, in charge.

Sam Wolfe, chairman, announced the annual Christmas party for children of members will be held Dec. 17 at the ballroom.

The Colonials will sing Saturday at the quartet parade in Newark and will take Bill Thomas as their guest.

Glenn Woods directed the rehearsal. Dick Smith and Dean Manning served refreshments. Next meeting is Monday at the hall.

New Test Set For Vacancy Of Lieutenant

The Municipal Civil Service Commission announced Tuesday afternoon it will hold another promotional examination Thursday, Dec. 27, to fill the police department lieutenant's post vacated since Thomas A. Walker resigned July 30.

Nine patrolmen competed in a test for the post Sept. 6 but the commission later ruled that none had won a passing grade. It based its finding on an opinion from Solicitor Joseph W. Cooper, who was asked questions about computation of seniority credit.

The date of the new exam was made public when P. K. Calhoun, clerk of the commission, posted a formal notice on the police department bulletin board.

It says the exam will be held at 8 p.m. in the Council Chamber at City Hall. The deadline for applications will be Wednesday, Dec. 12, at 4 p.m., the notice says.

Any patrolman who has completed 24 months' service may file an application, the notice says. A \$1 fee must accompany the applications.

The forms are available in the office of Mayor Bert H. Goodball, from any member of the commission or from the clerk.

The commission is comprised of Donald I. Burcham, chairman, Atty. Ben H. Berman and A. A. Fiorello.

Patrolman Charles E. (Bill) Tice has been acting as lieutenant since Walker's resignation.

The man who scores the top grade automatically will win the lieutenant's post. In a promotional exam, only members of the department concerned are eligible to compete and only the name of the top man is certified to the administration for appointment.

Under pay raise legislation enacted by Council Oct. 29, the salary of a lieutenant will become \$435, effective Dec. 1. The current rate is \$390.

Driver Loses Permit; 4 Others Draw Fines

LISBON — A young Wellsville motorist lost his driver's license at a traffic hearing Monday at the Courthouse and four others were fined a total of \$50 for traffic violations after being cited by the State Highway Patrol.

Melvin Pullie, 17, of 920 Commerce St., Wellsville, had his license suspended until his 18th birthday on Dec. 28.

Gary Shaw, 17, of Annesley Rd., Glenmoor, was fined \$20 for speeding.

Glen Allen Smith, 16, of Lisbon R. D. 2, was fined \$10 for failing to yield the right-of-way.

Glen A. Churchfield, 16, of Columbiana, was fined \$10 for driving left of center. John Plate, 17, of Wellsville R. D. 1, was fined \$10 for reckless operation.

50 With Lisbon Firm Hold Dinner, Party

LISBON — Fifty employees of the Lisbon Spring & Wire Co. attended a dinner party and social Saturday evening at St. George's Parish Hall.

Stewart Dunn, salesman, was a master of ceremonies. The program included a film of Nova Scotia.

Prizes were received by Alex Rutecki, Miss Louise Van Zulli and Howard Bush.

Mr. and Mrs. Leon Lytle of Detroit, company treasurer, and Mr. and Mrs. Dunn of Youngstown were out-of-town guests.

Frank Admontino is plant superintendent; John Drovlic, production manager, and Ray Shivers, truck superintendent of the plant.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I am 12 years old and I already need advice. The next-door neighbors are feeding my cat, Flossie, and now she is over there all the time and refuses to come home.

These neighbors have a cat of their own and I can't see why they need two cats. Flossie is my only pet. I asked my mother to help me solve this problem but she wasn't in favor of my taking Flossie in the first place and now I have to figure things out for myself.

I went to the lady next door and asked her if she knew why Flossie was not eating at home any more. She said, "Yes, because she beats our cat to the food dish and I wish she'd cut it out."

I put food out for Flossie three times a day. Why should she want to eat over there? Please help me with this problem—CATNAPPED FROM.

Dear From: This is a catastrophe if I ever heard one. Ask the neighbor lady if she will please feed her cat inside the house for a week. Flossie will then be hungry and she'll come home to eat — where she belongs.

Child Driver

Dear Ann: I am depending on you to tell me if I am wrong. This problem concerns my husband's attitude toward our young children.

During the summer months our youngsters picked beans to earn

extra money. My husband said if they worked hard they could earn enough to buy new winter coats.

The 11-year-old earned his winter coat and money to spare. The 8-year-old failed to earn enough for a coat. The 5-year-old did about the same as the 8-year-old.

My husband says the two younger ones will have to wear their old coats this winter. I hate to see them to school looking shabby. I feel we should add to what they earned and buy them new coats. He says it's a sure way to spoil them rotten. What do you say? — DISTRESSED MOTHER.

Dear Mother: I say your husband makes Simon Legree look like a living doll. The little ones are too young to be expected to earn coat money.

It's admirable that they are being taught the relation between earning and spending, but that skintight of yours had better let the moths out of his change purse and buy the little kids new winter coats.

Antisocial Clam

Dear Ann: What can I do about a husband who says he doesn't need any friends? He claims he gets enough phony laughter, stale jokes and boring conversation during business hours. When he comes home all he wants to do is relax.

I'm cooped up in the house all day with four youngsters. When evening comes I'm starved for

adult conversation — some word from the outside world. He rarely has anything to say. He'd prefer to read a book or look at TV.

I've tried inviting people in for the evening but he appears to be so bored it's embarrassing. On a few occasions he actually left the guests and went to the basement to putter around in his woodwork shop.

He is a good father and a loyal, hard-working husband. We have no financial worries and he doesn't gamble, drink or chase. After reading this letter over I'm almost ashamed to send it. My complaint seems so trivial. Do I have a problem? — SUBURBIA.

Dear Suburbia: Yes, you have a problem. Your husband is antisocial and he'll probably never change, so change your domestic program to fit his personality.

Make arrangements to have a woman in to care for the children a couple of afternoons a week so you can get out of the house. Join service groups and become active. Invite women to your home for committee meetings — or just visiting. In other words, get your adult conversation and the word from the outside world during the daytime.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

5 Communities Give \$1,659 In Muscular Dystrophy Aid

Five Columbiana County communities have contributed a total of \$1,659.17 to the Muscular Dystrophy Fund, with others yet to be canvassed.

Miss Jane Royal of Salem, county chairman, reported on the progress of the campaign to raise funds for research and for clinic and patient service for victims of the disease when the Columbiana County Chapter of the Muscular Dystrophy Association met Monday night in the Lisbon VFW Hall.

Communities reporting included East Liverpool, \$500; Wellsville, \$287.18; Negley, \$36.17; Lisbon, \$294.31 and Salem, \$541.51. The drive has not been held yet in some communities. Coin canisters will not be collected until the end of this month, Miss Royal reported. The county's goal is \$6,000.

3 Truck Drivers Arrested After Check On Safety

CLEVELAND (AP) — Three truck drivers have been arrested and 15 trucks ordered out of service as a result of safety checks by the Interstate Commerce Commission on 75 trucks at an Ohio Turnpike plaza.

Gene J. Baccie, Northeast Ohio district supervisor for the ICC, said four inspectors were brought from Pittsburgh and two from Toledo to bolster his staff for the inspections Tuesday.

Eight inspectors crawled under equipment to complete checks. They inspected steering columns, lights, tires, springs and emergency equipment, as well as driver's logs and physical examination cards.

Warnings were issued in cases of minor violations, Baccie said. "If the violations are major, we put an 'out-of-service' sticker on the truck and the truck cannot be moved until repairs are made."

The three arrested were Lee W. Ward, 37, of Evansville, Ind.; Duane W. Skrove, 25, of Hopkins, Minn.; and Floyd Stanley, 24, of Martinez, Ga. They were cited by highway patrolmen for driving unsafe vehicles.

The inspectors were at the Great Lakes plaza between the Strongsville and Cleveland interchanges.

Pupils Entertain Wellsville PTA

A program of Indian songs and dances were presented by Miss JoAnn VanDyke's third grade pupils when the Garfield Parent-Teacher Association met Monday night in the Wellsville school.

For the second consecutive time, her second and third grades won the attendance banner.

Dorma Stock opened the meeting by playing "America" and "Star Spangled Banner" on the violin. Mrs. Margie Kinzel, president, conducted business. The December meeting will be dispensed with and the association will give an ice cream treat for Christmas for pupils of the school.

Samuel Linger, principal, explained the public address system proposed for MacDonald School and a \$100 donation was made. Mrs. Janet Carroll, announced sale of candy by the ways and means committee.

Visitation was made to classrooms by parents not attending sessions during American Education Week. Lunch was served by Mrs. Marilyn DeFalco and Mrs. Jennie Corsetto.

A No. 300 can weighs 15½ ounces, a No. 303 can weighs one pound.

70 At Calcutta PTA Meeting

Seventy attended a meeting of the Calcutta Parent-Teacher Association Monday night at the school at which Clayton Aughinbaugh, vice president, announced the annual school carnival will be held March 23.

A traffic safety film, "Signal 30," was screened by Ohio Highway Patrolman Robert Hovater, who conducted a question-and-answer session.

Mrs. Ruth Green, program chairman, introduced the speaker, Theodore Taylor, principal, expressed appreciation for a projector and copying machine purchased by the group.

The attendance award was won by the first grade rooms taught by Mrs. Lee Tice and Mrs. Ann Kirkbride.

Refreshments were served by the second grade mothers with Mrs. Carol Humphrey in charge.

A special Christmas program will be presented by the first and second grades at the meeting Dec. 17.

Ohio Man Awarded \$105,000 In Damages

CLEVELAND (AP) — A 62-year-old Chillicothe man injured when a big truck skidded into a service station has been awarded \$105,000 in damages from the Mayrath Machine Co. of Campton, Ill.

The award was made by a U.S. District Court jury Tuesday to Raymond E. Barrows for injuries received July 13, 1960, at the service station where he worked.

He had asked for \$200,000 from Central Motor Lines, Inc., of Charlotte, N.C., and Mayrath Machine. The jury absolved Central Motor of responsibility, although it was a Central truck that jackknifed on rain-wet pavement and skidded into the station at the intersection of U.S. 35 and 50.

Retired Newsman Dies

OAKLAND, Maine (AP) — Harold E. Walker, 82, veteran retired newspaperman, died in Guadalajara, Mexico. Walker's career as a newsman ranged from staff reporter on the Manila Times, the Philippines, in 1903, to chief of The Associated Press bureau in Rio de Janeiro until 1932. He was born in Oakland.

Civil Service To Provide Aid For Yule Rush At Post Office

Preparing for the Christmas mail rush, Postmaster Samuel W. Brown said today the Post Office is not accepting any applications for extra postal work.

"Any extra help required will be secured from the certified Civil Service list of those who passed an examination for the local office," the postmaster said. It is the same rule that has been in effect for a couple of years.

Meanwhile, Brown has launched his annual "mail early" campaign.

He suggested Christmas card and gift lists be brought up to date immediately, making certain each address is complete with a full name, street address, city and state. He urged mailers to avoid abbreviating city and state names to avoid confusion.

Christmas cards should be sent by first class mail to secure priority in dispatch and delivery. The new 4-cent Christmas stamp will add a holiday touch.

Cards sent first class will be forwarded without charge and will be returned to the sender if

the return name and address are listed. They also can be sealed and carry written messages, he said.

Mailings should be scheduled so that cards and gifts going to the most distant points are mailed by Dec. 10. Christmas packages for local destinations should be sent by Dec. 15 and cards for friends and relatives in this area at least a week before Christmas, the postmaster continued.

Cards and gift parcels for distant points should be sent by air mail, especially those mailed at the last minute.

Prior to mailing cards, they should be separated into "local" and "out-of-town" bundles, using labels available at the post office, Brown concluded.

Trojans Picked Over UCLA, Need Win For Rose Bowl

Minnesota Is Surprise Pick Over Badgers; Texas Favored

By HAROLD CLAASSEN
NEW YORK (AP)—Picking this week's college football winners out of the second helping of turkey stuffing. Last weekend the figures were 42-12 for .777 which left the seasonal totals at 362-105 for .776.

Southern California over UCLA: The Trojans need this one to insure their Jan. 1 Rose Bowl engagement. Southern Cal has two quarterbacks of almost equal ability plus Hal Bedsole, a pass catching end.

Minnesota over Wisconsin: The Gophers can't go to the Rose Bowl again but a triumph here would clinch the Big Ten title for them. It will be a bruiser.

Texas over Texas A&M: Your Thanksgiving Day TV morsel. The Longhorns have too much balance.

Arkansas over Texas Tech: The Porkers sail into a bowl picture at the expense of the hapless Tech Raiders.

Louisiana State over Tulane: This has been a traditional game for years but in recent years the only tradition about it is that LSU doesn't lose against the Greenies.

Penn State over Pittsburgh: Army beat Penn State and lost to Pittsburgh but the pick here is Penn State with relative ease.

Oklahoma over Nebraska: The revived Sooners have manhandled their last five opponents 176-7.

Arizona State over Arizona: State has the better record despite a tougher schedule.

Dartmouth over Princeton: Bill King and Don McKinnon are two of the best football players in the East. Both wear Dartmouth uniforms.

Duke over North Carolina: A victory or a tie gives the Blue Devils a third straight Atlantic Coast Conference championship.

Michigan State over Illinois: If the Spartans learn how to keep the ball without fumbling the score could climb high.

Missouri over Kansas: Johnny Roland gives the Tigers an edge in the midland's version of the Harvard-Yale game.

Washington over Washington State: The Huskies still could squeeze into the Rose Bowl if they conquer their cross-state rivals.

Miami over Northwestern: The Hurricanes love to manhandle Big Ten teams and they are proud of their George Mira, a pass-tossing quarterback. With Tom Myers in the Wildcat line-up, it should be a pitchers' battle. This is a Friday night affair.

3 Goals In Mind For Texas Eleven

AUSTIN, Tex. (AP) — Fourth-ranked Texas entertains archival Texas A&M here Thursday with three goals in mind—its first undisputed Southwest Conference football title under Coach Darrell Royal, a place in the Cotton Bowl, and the school's first unbeaten season since 1923.

All three would result from a victory for the Longhorns, who have won eight games and tied one (14-14 with Rice) so far.

The Aggies are well aware that the favorite—and Texas is rated better by about two touchdowns—often gets its lumps in this series. Texas spoiled unbeaten Aggie records in 1918, 1920, 1940, 1941 and 1943.

Since the game became a Thanksgiving fixture in 1956, A&M has beaten Texas only once at Austin. That was in the first year, when Texas fell 34-21.

The Aggies came up to the game with a 3-6 record.

The Texas-Texas A&M clash, to be televised nationally (CBS) is one of six major games on the Thanksgiving Day schedule.

The others are Tulsa-Wichita, Virginia Tech-Virginia Military, Montana-Colorado State U., Richmond-William and Mary, and Wake Forest-North Carolina State.

Miami, Houston Named To Clash In Tangerine

OXFORD, Ohio (AP) — Coach John Pont, a star quarterback on Miami's last post-season bowl team 12 years ago, has led the Redskins to another bowl bid by moulding one of the school's most explosive football teams.

The records show Miami's offense potent enough to roll up 316 yards per game and 220 points in 10 games—only six points shy of the school's last undefeated squad, the 1955 team.

Yet the team didn't really begin to roll until the last four games, when the Redskins amassed more than 31 points per game.

The ironic part of Miami's bid to the Tangerine Bowl against Houston Dec. 22 is that they go without the championship of their own conference—the Mid-American. Miami's lone loss this year, to Ohio University, and a tie with Bowling Green helped Bowling Green take the honors.

The big record breaker this fall was Bob Jencks, 6-foot-5 senior end, standout at pass-catching and place-kicking.

Jencks tied a collegiate field goal mark with 17 in his career, and his 177 points eclipsed Pont's Miami mark by 15. He set Miami records for a single season of 8 field goals and 426 yards on passes.

Soph quarterback Ernie Keller-mann's running accounted for 371 yards and his passing rolled up 856 yards.

Russell Hits 10,000 Mark In Pulling Down Rebounds

By The Associated Press
If Bill Russell of the Boston Celtics manages to stay in the National Basketball Association another seven years, he'll probably make his exit with a unbelievable total of more than 20,000 rebounds.

The 28-year-old former University of San Francisco All-America has been averaging better than 1,000 rebounds a year since he entered the league in 1956.

He hit the 10,000-milestone Tuesday night when he grabbed 30 rebounds in the Celtics' 113-106 victory over the Chicago Zephyrs in New York's Madison Square Garden. In the other game of a doubleheader, the New York Knickerbockers snapped a six-game losing streak by downing the St. Louis Hawks, 103-95. No other games were scheduled.

Russell now has 10,002 rebounds.

Detroit Fell 9-7 Last Time

55,000, Plus TV Audience To Watch Packers, Lions Clash In Key Game

By JERRY GREEN
DETROIT (AP) — A hopeless, frightening task, defeating and overtaking the unbeaten Green Bay Packers? It isn't so, claim the Detroit Lions.

"We should have beat them last time and I think we're going to win this time," said fullback Ken Webb after the Lions' completed a shivering, hurry-up workout Tuesday.

"Sure, my boys have been pointing for this game ever since the last one," said Coach George Wilson, soundly criticized by his own Detroit players after the Lions fell 9-7 to the Packers Oct. 7.

The long-awaited rematch between the reigning National Foot-

ball League champions from Green Bay, current Western Division leaders, and their closest pursuers from Detroit is Thursday at Tiger Stadium. Tickets have been as scarce as Packer defeats for the last month and a standing-room crowd of 55,000 will attend the annual Thanksgiving Day game.

It also will be seen by a national television audience via CBS starting at noon EST.

None of the bitterness has left the Lions since their last meeting with the Packers. Detroit was leading 7-6 with time running out when Wilson told Milt Plum to pass, hoping to secure a first down.

Receiver Terry Barr slipped, Herb Adderley intercepted and returned the ball 41 yards. The Packers pulled it out on Paul Hornung's 21-yard field goal.

The Lions' offense since then has sputtered and their defense has carried them. They lost once more, by three points to the New York Giants, and now have an 8-2 record.

The proud Packers, shocked by being held without a touchdown by the Lions, meanwhile gained momentum and rolled to a 10-0 record with four games remaining. Last Sunday they blitzkrieg through the NFL was slowed a bit when they escaped with a 17-13 decision over Baltimore.

On this squeaker, the Lions have built up their hopes the Packers can be overtaken.

At Green Bay, Coach Vince Lombardi thought, perhaps the Baltimore game was the result of week-in, week-out pressure.

"You've got to remember that we've had a lot of pressure," said Lombardi. "We haven't had any other flat games and I hope we haven't reached a downward point now."

Detroit needs not only a victory Thursday — but outside help against Green Bay in the final three weeks to throw the Western Division into a tie. And, of course, the Lions would have to win their final three games after to make it stick.

Bucs Deal Stuart, Lamabe

PITTSBURGH (AP)—The Pittsburgh Pirates traded first baseman Dick Stuart and pitcher Jack Lamabe to the Boston Red Sox today for pitcher Don Schwall and catcher Jim Pagliarini.

It was the second major trade engineered by General Manager Joe L. Brown of the Pirates in three days.

On Monday, the Pirates traded shortstop Dick Groat and pitcher Diomedes Olivo to St. Louis for shortstop Julio Gotay and pitcher Don Cardwell.

Schwall, 24, a right-hander, was the American League's rookie of the year in 1961. In 33 games last year, he posted a 9-15 record with an earned-run average of 4.95. He is a school teacher in the off season at Norman, Okla.

Stuart hit .228 last season with 16 home runs and 64 runs batted in. In 1961, Stuart slugged 35 homers and had 117 RBIs with a .302 average.

Mickey Surprised, Picked Richardson

Mantle American Loop MVP Again

CHELSEA, Okla. (AP) — The only flaw in winning the American League's most valuable player award, Yankee slugger Mickey Mantle said after his third such honor, is that it kept teammate Bobby Richardson from winning.

The 1962 award, Mantle said after his selection Tuesday, was "the biggest thrill I've had" because he didn't expect to win. Mantle was hobbled with injuries which nearly ended his playing career.

"I thought Bobby would win," Mantle said. "He had a real good year."

Mantle was on a Tulsa golf course when a newsman gave him the news.

"It was really a big surprise," he said, "but a pleasant one."

There was consolation in that Richardson, the Yankee second baseman, finished second in the voting. Mantle got 234 votes, Richardson 152.

Mantle had a relatively lean year with only 30 home runs and 89 runs batted in, but he still was voted the AL most valuable player in the most one-sided runaway since Mantle himself won the first of his three MVP awards in 1956. While he was out of the line-up, the Yankees played only .500 ball and tumbled to fourth place.

The voting is done by two Baseball Writers Association members from each major league city. A first place vote is worth 14 points. Then it runs nine for second, eight for third and so on down to one for tenth.

Mantle was the only player named on all 20 ballots, and 12 of the 20 picked him for first place. Five picked Richardson for first, while one picked Harmon Killebrew of the Minnesota Twins and one selected rookie Tom Tresh.

Killebrew finished third with 99 points.

Frank Leahy Has Group That May Purchase Titans

NEW YORK (AP)—The sale of the New York Titans of the American Football League probably will be concluded today or Friday, but whether former Notre Dame Coach Frank Leahy will pilot the team remains a question.

Titans owner Harry Wismer said Leahy will be head coach and general manager.

Leahy said he would be advisory coach and general manager.

Wismer, who maintains he has lost \$1,750,000 during the 2½ years he has owned the club, said he hopes to sell the club to a group headed by Leahy for about \$1.5 million.

"I don't get that advisory coach stuff," said Wismer. "He will be head coach as well as general manager if his group buys the club—like Paul Brown is at Cleveland and Vince Lombardi is at Green Bay."

But in Shreveport, La., where he addressed a Touchdown Club dinner Tuesday night, Leahy said he would be advisory coach and general manager, if his group takes over the team.

"If I had the money, I'd buy the franchise," he said. He said he had some friends who might finance the purchase. He didn't name them.

Said Mort Liftin, Wismer's attorney: "We've been negotiating for the last week or so with several groups and I would say we

BG Cager Scored Top Point Total In Fixed Contest

NEW YORK (AP)—Bill Reed, an ex-Bowling Green player, scored nine points—his highest total of the 1960-61 season—despite the fact that he was paid \$1,000 to dump the game, he has testified.

Reed, on the witness stand Tuesday in the bribery trial of Jack Molinas, former Columbia University and professional star, testified that he scored on three out of four shots he took from the floor and three out of six foul tries, in a game against Canisius on Dec. 3, 1960.

Molinas is charged with bribing Reed to make sure Bowling Green lost by nine or more points. Canisius won 70-52, a margin of 18 points.

Reed said on the stand that he had appeared in 14 games during the 1960-61 season and that nine points was the most he scored in any one game. He was primarily a playmaker.

Selection Of One Juror Remains In Bribing Case

RALEIGH, N.C. (AP)—Selection of a final juror remained today before the start of testimony in the trial of two St. Louis men accused of bribing college basketball players to shave points.

Twelve jurors were seated Tuesday. An alternate juror will be selected because of the anticipated length of the trial.

Solicitor (prosecutor) Laffer V. Chalmers Jr. said it may take the state a week to present its evidence against Dave Goldberg, 46, and Steve Lekometros, 39, who have pleaded innocent to 10 indictments growing out of basketball game-fixing scandals.

3 Spots Have Tickets For Cage Preview

Three business places in East Liverpool have tickets on sale for the Kiwanis Club basketball preview to be staged Saturday night at Memorial Auditorium. Tickets at \$1 each for adults and 35 cents for students can be purchased at Reese's Jewelers, Reark's and Heimie's.

Dolf Schayes of Syracuse is in his 15th season in the National Basketball Association.

are close to a deal with a new group, all New York people and, I'm sure, acceptable to the AFL. The group wants Leahy to become general manager and coach.

"Most of the basic terms for the sale have been agreed upon. I feel there is a good possibility of closing the deal either today or Friday."

Any sale would have to be approved by the AFL executive committee.

The Titans, currently in last place in the Eastern Division with a 4-6 record, were forced to get an advance from the league to meet the players' last payroll.

Indians Will Have New Owners; Paul No. 1 Stockholder

CLEVELAND (AP) — Ownership of the Cleveland Indians is changing hands for the third time in 13 years—during which period the price tag has nearly tripled. The 19-man syndicate that bought the club Tuesday for \$6 million has promised to keep the American League club here.

Completion of the transaction is set for next Wednesday at a meeting of stockholders, largest of whom will be General Manager Gabe Paul, who assumes additional duties as president and treasurer. Paul will own one-fifth of the 6,000 shares of stock.

The second largest holder will be William R. Daley, who is continuing as board chairman, a position he has held since a syndicate he headed bought the club for a reported \$3.9 million in 1956. Daley, millionaire head of the investment firm Otis & Co., sold more than half of his holdings and retains less than 18 per cent of the stock.

It was apparent, however, at a news conference Tuesday that Daley will remain a key man in the new organization. His associates—men he brought into the new syndicate—will control 70 per cent of the club's stock.

Associated with Paul are A. Ray Smith, owner of the Tulsa Oilers of the Texas League and a former owner that class AA club, Grayle Howlett, who became director of ticket sales for the Indians last season and who will be a vice president in the new organization. Smith and Howlett will hold about 10 per cent.

Paul put on the record a pledge that "as long as I am associated with the Indians, I will never have anything to do with moving them out of town."

The major outgoing stockholders are Nate Dolin and George Medinger, club vice presidents since 1949; Harry Small, treasurer, and Ignatius O'Shaughnessy, of St. Paul, Minn.

"It's Gabe's show—a one-man show," Daley said. "He's in complete charge, and I'm going to be corny and say this is like a new beginning in Cleveland baseball. We're certain Gabe can bring the town a winning team."

The list of new owners recruited by Daley reads like a "who's who" of Cleveland. Secretary of the new company will be Thomas A. Burke, an attorney who was formerly mayor and U.S. senator.

Heads of multi-million-dollar business and industrial concerns headquartered here who are participating include: Robert F. Black, board chairman of White Motor Co.; Timothy J. Conway, president of Fisher Foods, Inc.; Vernon Stouffer, chairman of Stouffer Corp., a restaurant chain; Walter J. Tuohy, president of the Chesapeake and Ohio Railway; and John P. Murphy, president of the Higbee Co., a large department store.

WVU Assistant To Speak At Beaver Local Banquet

A talk by Charles (Chick) Donaldson, assistant football coach at West Virginia University and the presentation of individual awards will highlight the

Wellsville Season Cage Tickets On Sale

Season basketball tickets for Wellsville's nine home games are on sale for \$7.65. Anyone wishing to purchase a season ticket should contact Don Lowe, faculty manager by calling LE. 2-1372.

annual Beaver Local High School football banquet Wednesday Nov. 28 in the high school gym. Dinner will be served at 6:30.

Donaldson has coached the varsity centers at WVU since 1956. He starred at West Virginia in 1954 but never had the benefit of playing high school football.

At 115 pounds, Donaldson was too light to play high school football at Jeannette, Pa. High so he was the manager of the team.

After spending three years in the Navy, he played sandlot ball then enrolled at WVU weighing 215 pounds.

He made the All-Southern Conference team at the age of 27 and was one of the oldest men ever to play for West Virginia. He was second high scorer on the 1954 team, with one touchdown, 16 of 22 extra-point conversions and a field goal for a total of 25 points. Donaldson also lettered on the golf team.

Trophies to be presented will include most valuable award, most improved player, best defensive and offensive lineman and back.

USC Tackle Top Lineman

By The Associated Press
A jarring tackle that helped save the day for Southern California brought the lineman of the week award today to Gary Kirner in The Associated Press poll.

Kirner, Southern Cal tackle, was dug on his own 5 as Navy lined up in the closing minutes of the game last Saturday against the Trojans at Los Angeles. The Middles were on the march and seemed on the verge of wiping out a 13-6 Trojan lead.

Instead Navy fullback Pan Donnelly fumbled going into the end zone and Southern Cal recovered. It developed Donnelly had been hit hard by quarterback Pete Beathard, but it took Kirner's tackle to jar the ball loose.

The score remained 13-6 and the victory, No. 8 for the unbeaten Trojans, helped them gain the No. 1 spot in the national Associated Press poll this week.

It was the second straight week that a Southern California player has earned Lineman of the Week honors. A week ago it was Damon Bame, a guard, who played a spectacular game in USC's 39-14 triumph over Stanford for virtually sewed up the Rose Bowl for the Trojans.

Bowling Green Picks 2 As Most Valuable

BOWLING GREEN, Ohio (AP) —Bowling Green's football team had two most valuable players, rather than just one, in winning the 1962 Mid-American Conference championship. A tie vote of the squad split the honors between halfback Don Lisbon of Youngstown and guard Gary Sherman of Bellaire.

Chiefs Keep Record Clean In ABL Play

By The Associated Press
The switch from Hawaii to Long Beach has made the Chiefs winners in the American Basketball League.

The Chiefs won their third game without a loss Tuesday night, rallying in the second half for a 93-89 victory over the Kansas City Steers in one of two games played in the ABL. In the other, Oakland whipped the Chicago Majors 119-100 — dropping Commissioner Abe Saperstein's club into last place in its second-year league.

Hagerty Gives Smith .667 Batting Average

Long before ABC's news boss, James Hagerty, found himself in the recent imbroglio concerning Howard K. Smith's program on Richard Nixon, a friend of Hagerty's in Texas wanted him to bounce Smith off the network.

"He raised hell about something Smith had done," Hagerty recalled when in Hollywood last month to pick up the University of Southern California's journalism award. "I told him to simmer down and keep watching, and that I thought he would find himself agreeing with Smith on two out of three programs."

"ABOUT A MONTH later he called again and said, 'You were right about Smith, but I still don't agree with that third one.' I think that's a good average for Smith," Hagerty added.

After Smith left CBS, where he felt editorially hampered, Hagerty took him on and gave him free rein.

"Sure, I disagree with him violently sometimes," Hagerty admits, "but I feel TV and radio should editorialize, as long as decency and truth are the boundaries."

Since Hagerty left the White House and his job as Dwight Eisenhower's press secretary, he unquestionably has moved ABC into a more competitive news position with CBS and NBC. His predecessor, John Daly, who doubled between ABC and playing papa to the panelists on CBS' "What's My Line?", ran the shop like a one-hoss shay.

BESIDES SMITH, Hagerty has beefed up his news staff all along the line ("You go with the man who has experience"), and his stewardship made ABC's affiliates carriers of news as well as entertainment.

In less than a year Hagerty has managed to jump the subscribers of ABC's 11 p.m. news program from 2 to 83 stations. Hagerty's four-day newscasts and the Howard K. Smith programs have increased steadily from one lone affiliate to 37 now.

Some critics (especially those who still are hopping mad over the Alger Hiss appearance on ABC) may charge that Hagerty's rush to put his network into the news orbit has left something wanting in the ethics department.

BUT HAGERTY is an old news hand, and isn't likely to leave himself vulnerable. He claims, for example, that his correspondent in West Berlin was offered one of those tunnel-under-the-wall programs before CBS and NBC made their deals.

The Cuban crisis nipped the CBS and NBC telecasts, but Hagerty turned the West German students down altogether.

"I didn't think we should be open to a charge from the Communists that we were commercializing on the plight of East

German refugees, or would-be refugees," said Hagerty.

A few weeks ago Hagerty was invited to Moscow to discuss the possibilities of exchanging news and documentary programs. He was impressed with a new radio-TV committee which has been organized by the Soviets. It occupies a new building, and a top Russian information officer soon may administer the committee.

EARLY LAST FALL ABC camera crews went into Russia to film the program "Comrade Student," an impressive study of what the Soviets are doing with their school system.

"We were the first network to take a sound camera into Russia," says Hagerty of that expedition, "and they let us take most of the film out of Russia without even asking to look at it."

Hagerty's mouth is watering in anticipation of the day when Telstar, the satellite communications system, is in regular operation.

"During the first week of the Cuban crisis," he said, "we learned a lot of things about our mechanical setup for covering such a story, but what we really needed was Telstar, so we could broadcast our side of it to the rest of the world immediately."

He intends to be first in line when Telstar is open for business.

140 At Franklin PTO's Program

SUMMITVILLE — Some 140 attended a meeting of the Franklin Parent-Teacher Organization Monday night at the school at which a program was presented by the fifth and sixth grade students.

It includes a comedy skit, "A Day In School," with piano selections.

The group agreed to hold meetings the third Monday of each month rather than the first Friday because of other activities that day.

The attendance banner was won by the fifth and sixth grade class of Mrs. Marjorie Roberts. Lunch was served by the second grade homeroom mothers.

There were guests from Salineville. The group will meet Dec. 17 for a Christmas program by students and a bake sale.

3 File For Constable Position In St. Clair

Three applications for St. Clair Township police constable were received at a meeting of the township trustees Monday night.

Harold Williams said further applications will be taken until Dec. 1 to replace Robert Jones, who resigned in October. Appointment will be made after Jan. 1, he said. Requests were received for slugs on Stagecoach Rd. and in Lincoln Heights and for lowering of a catch basin on Cannons Mills Rd.

The first transcontinental railroad was established in America on May 10, 1869, when the Central Pacific and Union Pacific Railroads joined near Ogden, Utah.

NEA Field Executive Will Address Teachers

Dr. Karl H. Berns, National Education Association's assistant executive secretary for field operations, will be speaker at the East Liverpool Teachers' Association dinner meeting Tuesday at the Country Club.

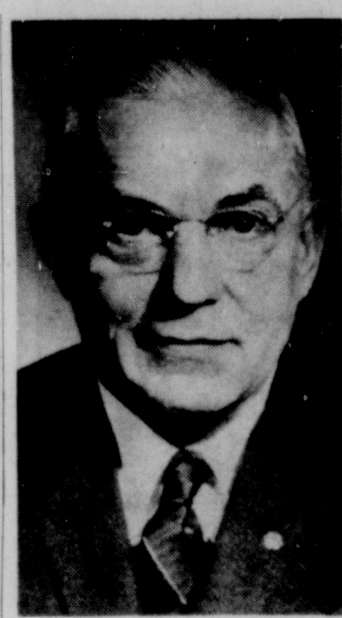

His topic will be "A Battle for the Minds of Men."

Dr. Berns traveled in Italy, France, Spain, Portugal and Northern Africa during November and December of 1961 and in the fall of 1959 visited more than 150 schools in England, Norway, Sweden, Denmark, Germany, Holland, Switzerland, Austria and the Soviet Union.

In 1959, he received the honorary degree of doctor of science in education from the University of Maine. He also holds four earned degrees of B. S. in education from Kent State University, an M.A. from the University of Akron, an LL.B. from William McKinley Law School and Ph.D. from Ohio State University.

As field operations aide, Dr. Berns' responsibilities include three major services of the NEA—the field program, membership promotion and service to state and local associations. His duties take him to all sections of the United States. Dr. Berns joined the NEA headquarters staff as assistant secretary in 1945.

A native of Navarre, Dr. Berns served in the public schools of Ohio for 19 years, as a rural school teacher, high school principal and a superintendent of schools. He was a member of the administrative staff of the Canton Public Schools from 1923-25. From 1935-45 he served as assistant sec-

retary of the Ohio Education Association.

In 1942, Dr. Berns was granted a leave from the OEA staff to serve with the armed forces in the Southwest Pacific. He was awarded the Medal of Freedom for meritorious services by Gen. Douglas MacArthur.

Dr. Berns has contributed articles for a number of professional publications and is the author of "Legal Relationships of School Employees," "Gleanings From the Field" and "In the Eyes of the Law."

Mrs. Hazel Neiser is president of the local group. Mrs. Della Ingles will be social chairman and Mrs. Marjorie Birbeck, program chairman.

Midland Legion Reminds On Campaign For Old Toys

Midland American Legion Post 481 Monday night reminded area residents that good used toys are being collected in the post's annual toy program for needy children at Christmas.

Residents may bring the toys to the post home at Midland Ave. and 8th St. or call MI. 3-7984 for pickup. William Coble, co-chairman with Woodrow Pflugh, said the need for toys is greater this year.

He said the post's toy workshop is open now. An auto dealer has volunteered to paint some of the toys when he has an auto to paint. Area Parent-Teacher Associations are also helping in the drive.

John Waddingham, membership chairman, reported membership still running ahead of last year.

The post's color guard and the Sons of Legion Squadron 481 will march in the annual Chamber of Commerce Christmas parade Friday evening.

The post made a donation to the Christmas party of the squadron to be held Dec. 22. Mark Pike, chairman of the Sons of Legion committee, reported on its activities.

The squadron will also hold a Christmas doll project.

It was announced that District 26 will hold a Christmas party Dec. 15 for patients at the Deshon Veterans Hospital at Butler.

Beaver Trials Due Speedup

Beginning in January, civil court procedures in Beaver County will be revised in an effort to speed up trials.

Civil court will be in session 15 instead of nine weeks as at present and cases will be heard chronologically. In addition, civil court jurors will be summoned for two weeks instead of one.

This will enable jurors to be selected on Thursday and Friday for cases starting the following Monday.

Civil court will be held in March, June, September and December with the Grand Jury meeting at its usual time. There will be no trials in July and August, vacation months for the judges.

There will be only two trial lists a year. The court plans to accept only substantial reasons for continuances and any case continued will be placed at the bottom of the list. The court will press vigorously for settlements, the court said.

The changes are partially the result of efforts of a bar association committee, whose chairman is John D. Ray of Beaver.

Junior Auxiliary Picks Officers At South Side Post

First officers of the recently organized Junior Auxiliary of South Side American Legion Post 952 were elected at a meeting Monday night at the post home near Hookstown.

They are Karen Scott, chairman; Delores Rommes, vice chairman; Teresa Nolla, secretary; Sandy Doak, treasurer; Debbie Trimble, historian; Mary Lou Adney, chaplain, and Bonnie Travers, sergeant-at-arms.

Mrs. Ruth Leeper, chairman, and Mrs. Ruth Trimble, co-chairman, of the Senior auxiliary's junior member committee, were in charge.

Plans were made to make favors and nutcracks for veterans at the Deshon Veterans Hospital at Butler, and for a Christmas project.

Guests were Mrs. Mary Alice Rardin, auxiliary president, and her three daughters, Cynthia, Sandra and Mary Lee. Lunch was served by the Mrs. Leeper and Mrs. Trimble.

There will be a gift exchange at the meeting Dec. 3 from 7 to 8:30 p. m. at the post home.

A one-pound and 4-ounce can of sliced apples will be enough filling for an eight- or nine-inch pie.

Voluntary News Curbs Lifted In Crisis On Cuba

WASHINGTON (AP)—The nation's news organizations were free today of voluntary restrictions they accepted on reporting military movements and similar news during the Cuban crisis.

But Defense Department officials and military personnel still were under strict orders to refrain from talking with reporters about a wide range of subjects considered "vital to national security."

President Kennedy announced at his news conference Tuesday night that his administration was lifting 12 restrictive guidelines which the White House suggested to the nation's news media at a time when the crisis over missiles in Cuba was rushing toward a peak.

These restrictions covered such matters as details on numbers or movements of U.S. forces, any discussion of plans for use of those forces, location of aircraft, intelligence estimates of enemy plans or capabilities and the like.

Seeks Marine Funds

COLUMBUS, Ohio (AP)—A subcommittee has recommended to a state parks study committee that it ask the legislature to allocate one-half of one per cent of motor fuel taxes to the Water Resources Board for marine developments. The subcommittee estimated such an allocation would provide about \$1.25 million a year. It proposed that half of this go for land purchase and the rest for maintenance.
